Chapter 1 Introduction to COND

Part 1.1 Overview

1.1.1 Overview of COND

The following notes provide an overview of this rulebook.

Note 1 General application of chapters in COND

Chapter 2 (Obligations of all authorised firms) and chapter 3 (Financial promotions) contain the rules of widest application in *COND*. The rules in these chapters apply to an *authorised firm* conducting any kind of *regulated activity* in or from the *QFC*.

Chapter 4 (Conduct of investment business) applies to an *authorised firm* conducting *investment business* in or from the *QFC*. *Investment business* covers 7 different *regulated activities* carried on in relation to the *specified products* contained in the term *relevant investment*. *Insurance mediation business* in relation to most kinds of *long term insurance contracts* is a subset of *investment business* and is, therefore, covered by this chapter (see note 5).

Chapter 5 (Conduct of non-investment insurance mediation business) applies to an *authorised firm* conducting *insurance mediation business* in relation to *non-investment insurance contracts* in or from the *QFC*. This chapter applies to insurance intermediaries and *insurers* marketing and selling their own contracts directly.

Chapter 6 (Conduct of insurance business) covers certain aspects of the way in which *insurers* conduct *insurance business* in or from the *QFC*, namely, effecting insurance contracts in *execution-only transactions*, cancellations by *retail customers* and claims handling.

Chapter 7 (Conduct of deposit taking business) deals with *terms of business* for *deposit taking business*.

Chapter 8 (Customer dispute resolution scheme) contains provisions about the *customer dispute resolution scheme*.

Note 2 Categories of client

The following terms are used to describe different categories of *client* in *COND*:

- *customer*
- *commercial customer*
- *business customer*
- *retail customer*
- *market counterparty*.

Each of the terms is defined in division 1.2.A. The interrelated definitions of *client* and *customer* (and the various categories of *client* and *customer*) need to be understood when reading *COND*.

The regulatory protections in *COND* are built up in layers according to the vulnerability of the type of *client* in question. Chapters in *COND* are generally arranged in the following way:

- rules that *authorised firms* must follow when doing business with *clients*;
- rules that *authorised firms* must follow when doing business with *customers* ie *clients* that are not *market counterparties*;
- rules that *authorised firms* must follow when doing business with *retail customers* ie *customers* that are not *commercial customers* or *business customers*.

Note 3 Regulated activities

As far as possible *COND* applies rules directly to *regulated activities* (see *FSR*, art 23). As an *authorised firm* will be aware from the terms of its authorisation the *regulated activities* it is authorised to carry on, it will usually be apparent which areas of *COND* apply to it. For example, a reference to ‘providing advice on investments’ refers to the *regulated activity* of *advising on investments*.

Note 4 Types of business in *COND*

Chapters 2 and 3 apply to all types of business conducted by an *authorised firm*. By contrast, the application of chapters 4, 5, 6 and 7 to an *authorised firm* depends on the types of business it conducts. These chapters apply only to the following types of business:

- chapter 4—*investment business*
- chapter 5—*non-investment insurance mediation business*
- chapter 6—*insurance business*
- chapter 7—*deposit taking business*.

Under the *Financial Services Regulations* (the *FSR*), the business of an *authorised firm* consists of groups of *regulated activities* conducted in relation to certain *specified products* (see *FSR*, sch 3, pt 3). For example, *investment business* is defined as carrying on a range of *regulated activities* (including arranging deals, advising and dealing as principal or agent) in relation to a group of *specified products* collectively referred to as *relevant investments*. *Relevant investments* include the following products (but see note 5 in relation to *long term insurance contracts*):

shares, debt instruments, warrants, securities receipts, units in a collective investment scheme, options, futures, contracts for differences, long term insurance contracts, and rights in investments relating to any of these products.

Two kinds of *specified products*, *deposits* and *credit facilities*, do not fall into any of the types of business dealt with in chapters 4, 5 and 6. In carrying on business relating to *deposits* and *credit facilities*, an *authorised firm* is, therefore, subject to chapter 2 (General obligations of all authorised firms) and chapter 3 (Financial promotions), but not chapters 4, 5 or 6. (Chapter 7 also has provisions about *terms of business* for *deposit taking business*.)

The relationship between the 3 types of business covered by chapters 4, 5 and 6, *regulated activities* and *specified products* is illustrated in table 1.1.2. From the table, it can be seen that, for example, *investment business* (covered by chapter 4) applies to the following *regulated activities* that are conducted in relation to *relevant investments*:

- 4 *dealing in investments*

- 5 *arranging deals in investments*
- 8 *providing custody services*
- 9 *arranging provision of custody services*
- 10 *managing investments*
- 11 *advising on investments*
- 12 *operating collective investment schemes.*

It can be seen that *investment business* (chapter 4) does not apply to the other *regulated activities* at all and does not apply to any *regulated activity* that is conducted in relation to *specified products* that are not *relevant investments*.

Table 1.1.2 Types of business, regulated activities and specified products

		Types of business		
		investment business	non-investment insurance mediation business	insurance business

	2 <i>effecting a contract of insurance</i>	—	—	<i>all contracts of insurance</i>

10	<i>managing investments</i>	all <i>relevant investments</i>	—	—
11	<i>advising on investments</i>	all <i>relevant investments</i>	<i>non-investment contracts of insurance</i>	—
12	<i>operating collective investment schemes.</i>	all <i>relevant investments</i>	—	—

In the table, a dash (‘—’) indicates that a type of business does not apply at all to the relevant *regulated activity*. For example, *investment business* does not apply to the *regulated activity* of *deposit taking*.

Note 5 Definition of relevant investment under *COND*

Under the *FSR*, sch 3, pt 3, relevant insurance contracts are either *general insurance contracts* or *long term insurance contracts*. *General insurance contracts* are divided into 18 categories and *long term insurance contracts* into 7 categories. Under the general *INAP* definition of **relevant investment** all *long term insurance contracts* are *relevant investments*.

COND takes a slightly different approach. For *COND*, not all *long term insurance contracts* are treated as *relevant investments*. Only *long term insurance contracts* that contain an investment or savings component are treated as *relevant investments* for *COND*.

Pure protection contracts other than *long term care insurance contracts* do not meet this requirement and are, therefore, grouped with *general insurance contracts* in the defined term *non-investment insurance contracts*.

The approach taken in *COND* is summarised in table 1.1.3. For *COND*, only those *long term insurance contracts* included in the non-shaded parts in table 1.1.3 are treated as *relevant investments* in relation to conducting *investment business* and are called *life policies*.

Table 1.1.3 Treatment of contracts of insurance

	<i>long term care insurance contract</i>
<i>non-investment insurance contract</i>	<i>long term insurance contract that is a relevant investment for COND (a life policy)</i>

Part 1.2 Basic concepts

Division 1.2.A Clients, customers and market counterparties

1.2.1 Who is a *client*?

A *client*, of an *authorised firm*, is a person to whom the firm (or an *approved representative*, or *non-QFC intermediary*, of the firm) provides, intends or wishes to provide or has provided a service or product in conducting a *regulated activity*, and includes a *collective investment scheme* even if it does not have a separate legal personality, but does not include a beneficiary of a trust.

1.2.2 Categories of *client*

A *client* may be—

- (a) a *customer*; or
- (b) a *market counterparty*.

1.2.3 Categories of *customer*

- (1) For *insurance business* and *insurance mediation business* in relation to *non-investment insurance contracts*, a *customer* is—
 - (a) a *commercial customer*; or
 - (b) a *retail customer*.
- (2) For any other business, a *customer* is—
 - (a) a *business customer*; or
 - (b) a *retail customer*.

1.2.4 Who is a *commercial customer*?

- (1) A *commercial customer*, in relation to an *authorised firm*, is—
 - (a) a *person* other than an individual; or
 - (b) an individual who is acting for purposes of the individual's trade, business or profession (if any); or
 - (c) a *client* of the firm who is classified by the firm as a commercial customer under rule 2.3.2 (Client classification—opting up); but does not include a *market counterparty*.

- (2) However, if a *client* of an *authorised firm* is classified by the firm as a commercial customer only in relation to particular *regulated activities*, the *client* is a *commercial customer* only for the purposes of those activities.

1.2.5 Who is a *business customer*?

Note In this rule, ‘employee’ has its ordinary (undefined) meaning.

2.2.3 Approved representative—definition

- (1) An individual is an *approved representative* of an *authorised firm* if—

 - (c) the firm has agreed in the contract to accept responsibility for every act or omission of the individual in carrying out (or purporting to carry out) a *customer facing function* for the firm.
- (2) A contract mentioned in subrule (1) is an *approved representative contract*.
- (3) An *authorised firm* must not enter into an *approved representative contract* with an individual if the individual is a party to an *approved representative contract* in force with another *authorised firm*.
- (4) To remove any doubt, the definition of *employee* in *INAP*, glossary does not apply to this rule.

Note In this rule, ‘employee’ has its ordinary (undefined) meaning.

2.2.4 Approved representative—liability of authorised firm

An *authorised firm* is liable for every act or omission of an *approved representative* of the firm in carrying out (or purporting to carry out) a *customer facing function* for the firm to the same extent as it would be liable if the act or omission were that of the firm itself.

2.2.5 Non-QFC intermediary—definition

- (1) A *body corporate* is a *non-QFC intermediary* of an *authorised firm* if—
- (a) the *body corporate* is authorised under a contract with the firm to act as an intermediary for the firm in the *State* outside the *QFC*; and
 - (b) the firm has agreed in the contract to accept liability to the *client* for every act or omission of the *body corporate* directly applicable to the activity the *body corporate* undertakes (or

purports to undertake) as an intermediary for the firm in the *State* outside the *QFC*.

- (2) A contract mentioned in subrule (1) is a ***non-QFC intermediary contract***.
- (3) An *authorised firm* must not enter into a *non-QFC intermediary contract* with a *body corporate* unless—
 - (a) it is lawful for the *body corporate* to act as its intermediary in the *State* outside the *QFC*; and
 - (b) every law, rule or regulation of the *State* applying in relation to the entering into of the contract is complied with.

2.2.6 Non-QFC intermediary—liability of authorised firm etc

- (1) An *authorised firm* must ensure that every *non-QFC intermediary* of the firm, when acting as an intermediary for the firm in the *State* outside the *QFC*, complies with—
 - (a) those laws, rules or regulations of the *State* directly applicable to the activity the intermediary undertakes as an intermediary for the firm; and
 - (b) the requirements of *COND* that would apply to it if—
 - (i) it were the firm; and
 - (ii) it were acting in or from the *QFC*.
- (2) An *authorised firm* is liable to the *client* for every act or omission of a *non-QFC intermediary* directly applicable to the activity the intermediary undertakes (or purports to undertake) as an intermediary of the firm in the *State* outside the *QFC* to the same extent as it would be liable if—
 - (a) the act or omission were that of the firm itself; and
 - (b) the firm were acting in or from the *QFC*.
- (3) This rule does not imply that a *non-QFC intermediary* of an *authorised firm* is carrying on business in or from the *QFC* in acting as an intermediary for the firm.

2.2.8 Approved representative and non-QFC intermediary—recordkeeping

An *authorised firm* must keep a copy of each *approved representative contract* and *non-QFC intermediary contract* into which it enters for at least 6 years after the day the contract ends.

Part 2.3 Client classification

2.3.1 Client classification—general obligation

- (1) Before conducting business with or for a *client*, an *authorised firm* must take reasonable steps to establish whether the *client* is, and then classify the *client* as—
 - (a) a *retail customer*; or
 - (b) for *insurance business* or *insurance mediation business* in relation to *non-investment insurance contracts*—a *commercial customer*; or
 - (c) for other business—a *business customer*; or
 - (d) a *market counterparty*.
- (2) If it is not clear to an *authorised firm* whether a particular *client* is a *retail customer* or a *commercial customer* or *business customer*, the firm must classify the *client* as a *retail customer*.
- (3) If an *authorised firm* is dealing with a *client* who is an individual in relation to a *contract of insurance* that would cover the *client* in both a private and business capacity, the firm must classify the *client* as a *retail customer*.
- (4) If an *authorised firm* takes reasonable steps to classify a *client* as required by, and in accordance with, this chapter, and treats the *client* in accordance with the classification, the firm does not breach any other provision of *COND* or any provision of *ASET* so far as the breach arises only from inappropriate classification of the *client*.
- (5) To remove any doubt, subrule (3) is subject to rule 2.3.2.

2.3.2 Client classification—opting up

- (1) If a *client* of an *authorised firm* would apart from this rule be required to be classified as a *retail customer* and the firm complies with this rule in relation to the *client*, the firm may classify the *client* as a commercial customer or business customer (or both) in relation to all *regulated activities* or particular *regulated activities*.
- (2) The *authorised firm* may classify the *client* as a business customer or commercial customer only if—
 - (a) both of the following subparagraphs are satisfied:
 - (i) the *client* either—
 - (A) is an *employee* of an *authorised firm* or *regulated financial institution*; or

- (B) has at least US \$1 million in liquid assets (i.e. cash, securities or other financial instruments) and has provided the *authorised firm* with written confirmation of this fact; and
 - (ii) the firm is satisfied, after careful assessment in accordance with subrule (4), that the *client* has sufficient knowledge, experience and understanding of relevant financial markets to justify being dealt with by the firm without the benefit of the protections the *regulatory system* provides for *retail customers*; or
 - (b) the *client* is a private trust or other similar arrangement in which each of the *persons* entitled to the ultimate beneficial interest in the trust or arrangement could be classified by the firm as a business customer or commercial customer under paragraph (a) if the *person* were a *client*.
- (3) The *authorised firm* may classify the *client* as a business customer or commercial customer only if—
- (a) the firm has given the *client* a written notice that explains—
 - (i) the basis on which the *authorised firm* is proposing to classify the *client* as a business customer or commercial customer; and
 - (ii) the protections provided by the *regulatory system* that the *client* will lose if classified as a business customer or commercial customer; and
 - (b) the firm has given the *client* sufficient time after receiving the notice to consider the implications of being classified as a business customer or commercial customer; and
 - (c) the *client* has agreed in writing to being classified as a business customer or commercial customer.
- (4) In assessing for subrule (2) (a) (ii) whether the *client* has sufficient knowledge, experience and understanding of relevant financial markets, the *authorised firm* must have regard to all of the following:
- (a) the *client's* knowledge and understanding of relevant financial markets and the risks involved in participating in them;
 - (b) the length of time that the *client* has been active in the financial markets, the frequency of dealings in them and the extent to which the *client* has relied on the firm's advice in the dealings;

- (c) whether the *client* has been employed, or otherwise professionally involved, in the financial markets and for how long;
 - (d) the size and nature of transactions that have been undertaken by or for the *client* in the financial markets;
 - (e) the reliance the *client* will place on the independent advice or judgment of another *authorised firm* or *regulated financial institution* in relation to the *regulated activities* to which the proposed classification relates.
- (5) Without limiting subrule (3) (a), the written notice given to the *client* must—
- (a) tell the *client* about the provisions of *COND* that will not apply to the *client* because of the classification of the *client* as a business customer or commercial customer; and
 - (b) tell the *client* about the provisions of *COND* that can be modified in their application to the *client* as a business customer or commercial customer.

2.3.3 Client classification—customers' agents

- (1) This rule applies if an *authorised firm* is aware that a *person* with or for whom it is conducting *investment business* (the *agent*) is acting as agent for another *person* (the *underlying customer*) in relation to the business.
- (2) The agent (and not the underlying customer) is taken, for the purposes of the requirements of *COND* and *ASET*, to be the *client* of the *authorised firm* in relation to the business, if—
 - (a) the agent is another *authorised firm*; or
 - (b) the agent is a *regulated financial institution*; or
 - (c) the avoidance of duties that the *authorised firm* would otherwise have to the underlying customer is not the main purpose of the arrangements between the parties.
- (3) Subrule (2) does not apply if the *authorised firm* has agreed with the agent in writing to treat the underlying customer as its *client* for the purposes of the requirements of *COND* and *ASET*.
- (4) However, if an agreement mentioned in subrule (3) applies in relation to 2 or more underlying customers for whom the agent is acting, the *authorised firm* may discharge any requirement of *COND* or *ASET* in relation to the underlying customers by discharging the requirement in

relation to the agent and telling the agent that the requirement is being satisfied in relation to each underlying customer.

- (5) Subrule (4) does not apply in relation to the following documents, and the following provisions must be complied with separately in relation to each underlying customer:
 - (a) statements under rule 4.3.1 (c) (Retail investment advice—general requirements);
 - (b) confirmation notes under rule 4.4.1 (Confirmation notes—provision requirement);
 - (c) periodic statements under rule 4.4.7 (Periodic statements—provision requirement).
- (6) To the extent that subrule (2) does not apply because of subrules (3) to (5), the underlying customer and not the agent is, for the purposes of the requirements in *COND* and *ASET*, the *client* of the *authorised firm* in relation to the *investment business*.
- (7) To remove any doubt, this rule does not affect the liability of an *authorised firm* under rule 2.2.4 (Approved representative—liability of authorised firm) or rule 2.2.6 (Non-QFC intermediary—liability of authorised firm etc).

Guidance for r 2.3.3

Authorised firms are reminded that rule 2.3.3 does not relieve them of any AML/CFT obligations in relation to the *underlying customer*.

2.3.4 Client classification—systems and controls

- (1) An *authorised firm*'s systems and controls must include appropriate checks verifying—
 - (a) any *client* classification that it makes under this part; and
 - (b) the continuing appropriateness of the classification, if the firm conducts business for the *client* on an ongoing basis.
- (2) Without limiting subrule (1) (b), the systems and controls must provide for the regular, at least annual, review of the *client* classification if the firm conducts business for the *client* on an ongoing basis.

2.3.5 Client classification—recordkeeping

- (1) An *authorised firm* must make a record of each *client* classification made under this part.
- (2) The record must include sufficient information to support the classification.

- (3) The record must also include information about—
 - (a) the checks that were made to verify the classification as required by rule 2.3.4; and
 - (b) the reviews that were made to verify the continuing appropriateness of the classification as required by that rule.
- (4) The *authorised firm* must keep the record for at least 6 years after the day the firm ceases to conduct business with or for the *client*.

Part 2.4 Reliance on others and exclusion or restriction of liability

2.4.1 Reliance on information provided by others

- (1) An *authorised firm* is taken to comply with a provision of *COND* that requires it to obtain information if it can show that—
 - (a) it relied on information provided to it in writing by another *person*; and
 - (b) it was reasonable for it to rely on the information.
- (2) For subrule (1) (b), it is reasonable for the *authorised firm* to rely on the information if—
 - (a) it believes on reasonable grounds that the *person* who provided the information was competent to provide it; and
 - (b) it was not aware, and ought not reasonably to have been aware, of anything that would give it reasonable grounds to question the accuracy of the information.

2.4.2 Reliance on others to give information to customers

If a provision of *COND* requires an *authorised firm* to give information to a *customer*, the firm must give the information directly to the *customer* and not to another *person*, unless it has a written instruction from the *customer* requiring or allowing it to give the information to the other *person*.

2.4.3 Excluding or restricting liability

- (1) An *authorised firm* must not, in any written or oral communication in relation to *regulated activities* carried on with or for a *customer*—
 - (a) seek to exclude or restrict any duty or liability it may have to the *customer* under the *regulatory system*; or
 - (b) rely on any exclusion or restriction of any duty or liability it may have to the *customer* under the *regulatory system*.
- (2) An *authorised firm* must not, in any written or oral communication in relation to *regulated activities* carried on with or for a *retail customer*—
 - (a) seek to exclude or restrict any duty or liability that it has to the *retail customer* under the law applying in the *QFC* otherwise than under the *regulatory system*, unless it is reasonable to do so; or

- (b) rely on any exclusion or restriction of any duty or liability that it has to the *retail customer* under the law applying in the *QFC* otherwise than under the *regulatory system*, unless it is reasonable to do so.

Part 2.5 Conflicts, material interests and inducements

Division 2.5.A Conflicts and material interests

2.5.1 Conflicts and material interests—identifying and managing

- (1) An *authorised firm* must establish systems and controls to identify and manage actual and potential conflicts of interest and *material interests*.
- (2) The systems and controls must ensure that the *authorised firm's clients* are not treated unfairly or prejudiced because of any conflict of interest or *material interest*.
- (3) An *authorised firm* must manage a conflict of interest or *material interest* by taking 1 or more of the following steps:
 - (a) establishing and maintaining an effective *Chinese wall*;
 - (b) relying on a written policy of independence that requires an *employee* to disregard conflicts of interest and *material interests* when advising a *client* or exercising discretion;
 - (c) separately supervising *employees* whose main functions involve carrying out activities for, or providing services to, *clients* whose interests may conflict with those of the firm;
 - (d) removing any direct link between the remuneration of *employees* mainly engaged in an activity and the remuneration of, or revenues generated by, different *employees* mainly engaged in another activity, if a conflict of interest may arise in relation to the activities;
 - (e) establishing measures to prevent or limit any *person* from exercising inappropriate influence over how an *employee* carries out services or activities;
 - (f) establishing measures to prevent or control the simultaneous or sequential involvement of an *employee* in separate services or activities if the involvement may impair the proper management of conflicts of interest;
 - (g) taking alternative or additional steps necessary and appropriate to manage the conflict of interest or *material interest*.

2.5.2 Conflicts and material interests—decline to act or disclose and notify

- (1) An *authorised firm* must decline to act for a *client* if it has a conflict of interest or *material interest* and cannot manage the conflict of interest or *material interest* using a step mentioned in rule 2.5.1 (3).
- (2) Before an *authorised firm* advises a *client* about a transaction or before it *deals in investments* for a *client*, the firm must—
 - (a) disclose any conflict of interest or *material interest* that it knows about; and
 - (b) notify the client of the steps it has taken to manage the conflict of interest or *material interest* in accordance with rule 2.5.1 (3); and
 - (c) take reasonable steps to ensure that the *client* does not object to the firm's management of the conflict of interest or *material interest*.
- (3) For subrule (2), if the *client* is a *customer*, a disclosure and notification may be made in the *authorised firm's terms of business* for the *customer*.

2.5.3 Conflicts and material interests—effect of Chinese wall

For a provision of *COND* that applies to an *authorised firm* only to the extent that it has knowledge of something, the firm is not taken to have knowledge if none of the relevant individuals involved on its behalf has knowledge of the thing because of a *Chinese wall*.

Division 2.5.B Inducements

2.5.4 Inducements—all businesses

- (1) An *authorised firm* must ensure that neither it, nor any of its *employees*—
 - (a) offers, gives, solicits or accepts any inducement; or
 - (b) directs or refers any actual or potential business to another *person* on its own initiative or on the instructions of an *associate*;if this is likely to conflict to a material extent with any duty that it owes to its *customers*.
- (2) An *authorised firm's* systems and controls must include policies and procedures to ensure compliance with subrule (1).

- (3) An *authorised firm* must ensure that all its *employees* are provided with details of the firm's current policy and procedures regarding gifts, referrals and inducements.

2.5.5 Inducements—packaged products

- (1) This rule applies to an *authorised firm* if the firm is required to disclose *commissions* (or their equivalent) in accordance with part 4.2 (Investment business—initial client contact) to a *retail customer* in relation to the sale of a *packaged product*.
- (2) The *authorised firm* must not enter into, and must take reasonable steps to ensure that no *person* acting on its behalf enters into any of the following arrangements with another *person* in relation to a *packaged product*:
- (a) volume overrides, if *commission* paid in relation to several transactions is more than a simple multiple of the *commission* payable in relation to a single transaction of the same kind;
 - (b) an arrangement to pay *commission* that is increased in excess of the amount disclosed to the *retail customer*, unless the increase is attributable to an increase in the premiums or contributions payable by the customer;
 - (c) an agreement to indemnify the payment of *commission* on terms that would or might give an additional financial benefit to the recipient if the *commission* became repayable;
 - (d) an arrangement to pay *commission* otherwise than to the *authorised firm* responsible for a sale, unless—
 - (i) the *authorised firm* responsible for the sale has passed on its right to receive the *commission* to the recipient; or
 - (ii) the recipient is another *authorised firm* that has given advice on investments to the *retail customer* after the sale; or
 - (iii) the recipient is another *authorised firm* and the *commission* is paid after the sale of a *packaged product* by the first *authorised firm* in response to a direct offer *financial promotion* communicated by that *authorised firm* to a *retail customer* of the recipient *authorised firm*.
- (3) Subrule (2) (a) and (c) does not apply in relation to arrangements between *persons* in the same *group*.

 - (c) all the conditions mentioned in subrule (5) are satisfied.
- (3) A *product provider* must take reasonable steps to ensure that its *associates* do not do anything that would result in it contravening subrule (2).
- (4) A relevant firm must not do anything that would result in a *product provider* contravening subrule (2).
- (5) For subrule (2), the following conditions must be satisfied:
 - (a) the holding is acquired, or credit is provided, on commercial terms, that is, terms objectively comparable to terms on which an independent *person* unconnected to a *product provider* would, taking into account all relevant circumstances, be willing to acquire the holding or provide credit;
 - (b) the relevant firm has reliable written evidence that paragraph (a) is satisfied;
 - (c) there are no arrangements, in relation to the holding or provision of credit, relating to the channelling of business from the relevant firm to the *product provider*;

- (2) Payment for, or receipt of, the goods or services is not an inducement that breaches rule 2.5.4 (1) (Inducements—all businesses) if—

 - (b) the goods and services do not take the form of, or include, cash or any other direct financial benefit; and
 - (c) the firm has undertaken a thorough assessment of the goods and services it receives under the agreement or arrangement mentioned in subrule (1) to ensure that it provides value for money to the firm's *customers*, including, for a *bundled brokerage arrangement*, taking reasonable steps to ensure that—
 - (i) the services provided by a broker who is a party to the arrangement are competitive, with no comparative price disadvantage, and take into account the interests of the firm's *customers*; and
 - (ii) if a broker who is a party to the arrangement acts as principal—*commission* paid under the arrangement will be sufficient to cover the value of the goods or services to be received and the costs of *execution*; and

- (ii) the customer requires the firm to provide immediate cover;
- (iii) the firm wishes to enter into an *execution-only transaction* (apart from a *contingent liability transaction*) with the customer, prior written disclosure would delay the transaction, and the customer agrees to be given the information orally; and
- (d) the firm gives the information to the customer in either an *initial disclosure document* or another disclosure document, as appropriate, immediately after the contract resulting from the contact between the customer and the firm is finalised.

4.2.3 Initial disclosure document—content

- (1) An *authorised firm* must ensure that the *initial disclosure document* that the firm gives a *retail customer* contains the information that the firm reasonably considers will be, or is likely to be, appropriate for the customer having regard to the *investment business* that the firm may conduct with or for the customer.
- (2) Without limiting subrule (1), the *initial disclosure document* must contain the following information:

 - (i) the *investment business* being offered by the firm to the customer; and
 - (ii) any investment strategy followed by the firm;

-
- (i) the availability of the firm's internal complaint-handling procedures and how a complaint may be made to the firm;
 - (j) the availability of the *customer dispute resolution scheme*.
- (3) An *authorised firm* must ensure that the information included in an *initial disclosure document* for a *retail customer* is up to date.
- (4) If the information required under rule 4.2.3 (2) (g) is not available at the time the *initial disclosure document* is given to the *retail customer*, the information must be given to the customer not later than a reasonable time before the customer becomes contractually bound in relation to the *investment business*.

4.2.4 Initial contact by telephone

- (1) If an *authorised firm's* first contact with a *retail customer* is by telephone, the firm must, on initially making contact with the customer, give the customer the following information:
- (a) the firm's name and, if the call is initiated by or for the firm, the commercial purpose of the call;
 - (b) whether the firm will provide the customer with advice on investments;
 - (c) if the firm will provide the customer with advice on *packaged products*—

 - (ii) that the *customer* can ask for a statement of the range of *packaged products* offered by the firm;

- (2) An *authorised firm* may only finalise a contract for the purchase or sale of a *specified product* during its initial telephone contact with a *retail customer* if it is an *execution-only transaction* (other than in relation to a *contingent liability transaction*).

- (3) If an *authorised firm* finalises a contract for an *execution-only transaction* during its initial telephone contact with a *retail customer*, the firm must give the customer the *product disclosure document* required by division 4.3.B (Packaged products—additional disclosure) as soon as practicable after the contract is finalised.

Division 4.2.B Terms of business for investment business—all customers

4.2.5 Terms of business for investment business—general requirements

- (1) Before an *authorised firm* conducts *investment business* with or for a *customer*, it must—
- (a) give the *customer* its *terms of business* for the *customer*; and
 - (b) if the *customer* is a *retail customer*—ensure that the *customer* signs or otherwise agrees in writing to the *terms of business*, including the particular rate or amount the firm will charge the customer for its services.
- (2) This rule does not apply if—
- (a) the *investment business* is carried on after termination of the *terms of business* and the *authorised firm* is acting only for the purposes of fulfilling any obligations still outstanding under the *terms of business*; or
 - (b) the *authorised firm* is entering into an *execution-only transaction* (apart from a *contingent liability transaction*) with or for a *customer*.

4.2.6 Terms of business for investment business—content

- (1) An *authorised firm* must ensure that its *terms of business* for a *customer* for *investment business* contain, in adequate detail, the basis on which it will conduct *investment business* with or for the *customer*.

Guidance for r 4.2.6 (1)

If an *authorised firm* proposes to manage *relevant investments* in an account or portfolio for a *retail customer* on a discretionary basis under the terms of a discretionary management agreement, the *terms of business* must set out the terms of the discretionary management agreement.

- (2) Without limiting subrule (1), the *authorised firm* must ensure that the *terms of business* contain the information required by—
- (a) schedule 1 (Minimum content of terms of business), part S1.1 (Minimum information required for all investment business); and

-
- (b) if the *terms of business* cover the firm acting as *investment manager* for the *customer*—schedule 1, part S1.2 (Minimum information required for investment management).
 - (3) However, the *authorised firm* is not required to include information in the *terms of business* if the information is, by its nature, unavailable when the *terms of business* are given to the *customer*.
 - (4) If information mentioned in subrule (3) becomes available after the *terms of business* are given to the *customer*, the *authorised firm* must give the information to the *customer* as soon as practicable after it becomes available to the firm.

4.2.7 Terms of business for investment business—multiple documents

An *authorised firm's terms of business* for a *customer* for *investment business* may consist of 1 or more documents if it is made clear to the *customer* that collectively they make up the *terms of business*.

4.2.8 Terms of business for investment business—amendment

- (1) If the *terms of business* of an *authorised firm* for a *customer* for *investment business* allow the firm to amend the *terms of business* without the *customer's* agreement, the firm must not conduct business with or for the *customer* on the basis of an amendment of the *terms of business* unless the firm has given the *customer* written notice of the amendment—
 - (a) at least 10 *business days* before the amendment is to take effect; or
 - (b) if it is impractical to give that notice—as early as is practicable.
- (2) Despite subrule (1), if an *authorised firm* has started to provide a *retail customer* with services in relation to *packaged products* after giving the customer its *terms of business*, the firm must not (at least until it has finished providing the services)—
 - (a) increase the rate or amount of the fees it is charging the customer for the services; or
 - (b) keep any *commission* for the services that exceeds the maximum amount or rate disclosed in the *terms of business*;unless the firm has given the customer an appropriate amendment of the *terms of business* and the customer has agreed to the amendment in a durable medium.

- (3) However, the *authorised firm* is not required to give the *retail customer* an amendment of the *terms of business* if—
- (a) the maximum rates or amounts disclosed in the *terms of business* already in force for the customer only apply to policies of the example term or policyholder's age given in the firm's *initial disclosure document* to the customer, or to policies with shorter terms; and
 - (b) the firm arranges a policy for a term longer than the example term and the increase in the *commission* that the firm arranges to keep over the maximum disclosed in the *initial disclosure document* is not more than an amount that is directly proportional to the increased term of the policy.

Division 4.2.C Initial client contact—miscellaneous

4.2.9 Initial client contact—recordkeeping

- (1) An *authorised firm* must—
- (a) keep a copy of each of the *initial disclosure documents* that it gives *retail customers* under this part for at least 6 years after the day it is last given to a *retail customer*; and
 - (b) keep a record of the version of the *initial disclosure document* that it gives each *retail customer* under this part, and the day it is given to the customer, for at least 6 years after the day it is given to the customer.
- (2) An *authorised firm* must keep a copy of *terms of business* that it gives a *customer* under this part, and of each amendment of the *terms of business*, for at least 6 years after the day the firm ceases to conduct business with or for the *customer* under the *terms of business*.

Part 4.3 Investment services—retail customers

Division 4.3.A Retail investment services

4.3.1 Retail investment advice—general requirements

If an *authorised firm* gives advice on *relevant investments* to a *retail customer*, it must—

- (a) take reasonable steps to ensure that it has sufficient personal and financial information about the customer to give the advice (see rule 4.3.3); and
- (b) take reasonable steps to ensure that the advice is suitable for the customer (see rule 4.3.4); and
- (c) give the customer a statement of why the firm considers the advice to be suitable for the customer (see rule 4.3.5).

4.3.2 Retail investment management—general requirements

- (1) This rule applies if an *authorised firm* manages, or is proposing to manage, *relevant investments* in an account or portfolio for a *retail customer* on a discretionary basis under the terms of a discretionary management agreement.

Note The terms of the discretionary management agreement must be set out in the *terms of business* given to the *retail customer*, see r 4.2.6 (Terms of business—content).

- (2) Before the *authorised firm* makes a discretionary investment management decision for the *retail customer*, it must—
 - (a) take reasonable steps to ensure that it has sufficient personal and financial information about the customer to make the decision (see rule 4.3.3); and
 - (b) take reasonable steps to ensure that the decision is suitable for the customer (see rule 4.3.4).
- (3) The *authorised firm* must also take reasonable steps to ensure that the *retail customer's* portfolio or account remains suitable, having regard to the information the firm has about the customer (see rule 4.3.3).

4.3.3 Retail investment services—know your customer

- (1) For rule 4.3.1 (a) (Retail investment advice—general requirements) and 4.3.2 (2) (a) and (3) (Retail investment management—general requirements), the information obtained by an *authorised firm* about a

retail customer must, to the extent appropriate to the nature of the customer, the nature and extent of the service to be provided and the type of product or transaction envisaged, including their complexity and the risks involved, include all of the following:

- (a) the customer's financial situation;
 - (b) the customer's investment objectives and risk tolerance;
 - (c) the customer's knowledge of and experience in the relevant investment field;
 - (d) the nature, volume and frequency of the customer's transactions in the investment field and the period over which they have been carried out;
 - (e) the customer's level of education and profession or relevant former profession.
- (2) If the *authorised firm* asks the *retail customer* for personal or financial information about the customer and the customer fails to give it to the firm, the firm must warn the customer in writing that failure to give the information to the firm may adversely affect the quality of the service provided by it to the customer.
- (3) An *authorised firm* must take reasonable steps to ensure that the information it has about a *retail customer* is accurate, complete and up-to-date.

4.3.4 Retail investment services—suitability and risk

- (1) For rule 4.3.1 (b) (Retail investment advice—general requirements) and 4.3.2 (2) (b) (Retail investment management—general requirements), an *authorised firm* must ensure that the service it provides for a *retail customer* is suitable for the customer having regard to—
- (a) the information held by the firm; and
 - (b) any requirement of, or any other relevant facts about, the customer of which the firm is, or ought reasonably to be, aware.
- (2) If, with the *retail customer's* agreement, the *authorised firm* has pooled the customer's funds with the funds of others to take common discretionary management decisions, the firm must take reasonable steps to ensure that a discretionary decision is suitable for the *customer's* funds, having regard to the stated investment objectives of the funds.

4.3.5 Retail investment services—disclosure of suitability assessment

For rule 4.3.1 (c) (Retail investment advice—general requirements), the statement given by an *authorised firm* to a *retail customer* must include the following information:

- (a) the customer's demands and needs;
- (b) an explanation of why the firm has concluded that the advice is suitable for the customer having regard to the information provided by the customer;
- (c) an explanation of any possible disadvantages that the advice might have for the customer, including the nature of the risks involved.

4.3.6 Retail investment advice—independence

- (1) This rule applies if an *authorised firm* is *advising on investments* to a particular *retail customer* in relation to *packaged products*.
- (2) The *authorised firm* must not hold itself out as acting independently unless it—
 - (a) is not party to any arrangements with particular *product providers* that prevent it from giving advice on *packaged products* from the whole market (or the whole of the relevant sector of the market); and
 - (b) gives the advice on *packaged products* from a sufficiently large range of *product providers* to enable it to give the advice on the basis of a fair analysis of the market; and
 - (c) offers the *retail customer* the opportunity of paying a fee for giving the advice.

Guidance for r 4.3.6 (2) (c)

Rule 4.3.6 (2) (c) means that an *authorised firm* wishing to hold itself out as independent will need to give *retail customers* a purely fee-based option for paying for its services. The fee may be offered on a contingent basis so that it does not become payable if the *retail customer* does not buy a product. An *authorised firm* offering a fee-based service may, in addition, provide the *retail customer* with other payment options, for example, by *commission*.

- (3) If the *authorised firm* is *advising on investments* to the *retail customer* in relation to a *packaged product* produced by another *person*, it must not—
 - (a) hold itself out as the producer of the *packaged product*; or

- (b) do or say, or fail to do or say, anything that might reasonably lead the customer to be mistaken about the identity of the producer of the *packaged product*.
- (4) The *authorised firm* must take reasonable steps to ensure that none of its *employees*—
 - (a) is likely to be influenced by the structure of his or her *remuneration* to give unsuitable advice on investments to the *retail customer*; or
 - (b) refers the *retail customer* to another *person* in circumstances that would amount to the provision of an inducement.

4.3.7 Retail investment advice—statement of independence

- (1) This rule applies if an *authorised firm* gives advice to *retail customers* in relation to *packaged products*.
- (2) The *authorised firm* must prepare, and keep up to date, a written statement setting out—
 - (a) whether or not it is acting independently; and
 - (b) details of any arrangements with particular *product providers* that prevent it from giving advice on *packaged products* from the whole market (or the whole of the relevant sector of the market); and
 - (c) the range of *product providers* on whose *packaged products* it gives advice, including—
 - (i) the identity of the *product providers* whose *packaged products* the firm may sell; and
 - (ii) a list of the categories of their products the firm may sell.
- (3) The *authorised firm* must include a copy of the statement under subrule (2) in its *initial disclosure document* for a *retail customer* (see rule 4.2.3 (2) (d)).
- (4) If the *authorised firm* gives advice to a *retail customer* in relation to *packaged products*, the firm must either—
 - (a) draw the customer’s attention to the statement under subrule (2) of independence included in the firm’s *initial disclosure document* for the customer; or
 - (b) give the customer another copy of the statement.

4.3.8 Retail investment services—charges

- (1) An *authorised firm* must ensure that its *charges* to a *retail customer* are not excessive.
- (2) If an *authorised firm's charges* for advising on or managing a *retail customer's* assets depend on the value of *relevant investments* that are not *readily realisable investments*, the valuation of the *relevant investments* must be based on the price likely to be agreed between a willing buyer and a willing seller who are dealing at arm's-length and who are both in possession of all freely available information about the *relevant investments*.

4.3.9 Retail investment services—recordkeeping

- (1) An *authorised firm* must make and keep the following records for at least 6 years after the day it gives advice on investments to a *retail customer*:
 - (a) a record of the personal and financial information that it has about the customer, including the information that it has obtained in accordance with rule 4.3.3 (Retail investment services—know your customer);
 - (b) if the firm gave the customer a statement under rule 4.3.1 (c) (Retail investment advice—general requirements)—a copy of the statement;
 - (c) a record of the steps taken by the firm to ensure that the service it provides for the customer is suitable for the customer as required by rule 4.3.5 (Retail investment services—disclosure of suitability assessment).
- (2) However, the *authorised firm* need not keep the records if the firm gives advice to the *retail customer* in relation to a transaction and the customer does not proceed with the transaction or any part of it.
- (3) The *authorised firm* must keep a statement under rule 4.3.7 (2) (Retail investment advice—statement of independence) for at least 6 years after the day it is replaced by a more up-to-date statement.

Division 4.3.B Packaged products—additional disclosure

4.3.10 Product disclosure document—preparation

An *authorised firm* must prepare a *product disclosure document* for each *packaged product* it produces.

4.3.11 Product disclosure document—provision requirement

- (1) An *authorised firm* (the *selling firm*) must not sell, or arrange for the sale of, a *packaged product* to a *retail customer* unless it has given the customer, not later than a reasonable time before the customer becomes contractually bound in relation to the sale of the *packaged product*—
 - (a) a *product disclosure document* for the *packaged product*; or
 - (b) if the *packaged product* was produced by another *authorised firm*—a *product disclosure document* that complies with subrule (2); or
 - (c) if the *packaged product* was produced by a *person* in a *jurisdiction* outside the *QFC*—disclosure documentation that complies with subrule (3).
 - (2) If the *packaged product* was produced by another *authorised firm*, the *product disclosure document* given to the *retail customer* under subrule (1) (b)—
 - (a) must be the *product disclosure document* prepared by the other *authorised firm*; but
 - (b) must prominently display each of the following:
 - (i) the name of the selling firm;
 - (ii) either the address of the selling firm or a contact point from which the address is available;
 - (iii) the selling firm’s regulatory status in a form required by *GENE*.
- Note* See *GENE*, r 3.1.
- (3) If the *packaged product* was produced by a *person* in a *jurisdiction* outside the *QFC*, the disclosure documentation given to the *retail customer* under subrule (1) (c) complies with this subrule if—
 - (a) the selling firm is satisfied on reasonable grounds that—
 - (i) the disclosure documentation was prepared by the *person* in accordance with the requirements of the law of the other *jurisdiction*; and
 - (ii) those requirements are broadly equivalent to the requirements of this division; and
 - (b) the disclosure documentation prominently displays—
 - (i) the information mentioned in subrule (2) (b) (i) to (iii); and

-
- (ii) if the *packaged product* is a *life policy*—
- (A) a statement to the effect that the *person* who produced the *packaged product* (the *insurer*) is not authorised or regulated by the *Regulatory Authority*; and
 - (B) an explanation of any differences between the cancellation rights (if any) applying in relation to the *packaged product* (including the length of any period to exercise the rights) and those that would be provided under *COND* if the insurer were an *authorised firm*; and
 - (C) a warning to the effect that the claims handling procedures applying in relation to the *packaged product* may differ from those provided under *COND*.
- (4) If a *life policy* sold by an *authorised firm* to a *retail customer* is varied and, because of the variation, the customer has a right to cancel the *life policy* under rule 6.2.2 (Variations of life policies—right to cancel), the firm must—
- (a) update the document that it gave the customer under subrule (1) in relation to the *life policy* to reflect the variation; and
 - (b) give a copy of the updated document to the customer.
- (5) This rule is subject to rule 4.3.12 (Product disclosure document—provision requirement exemption).

Guidance for r 4.3.11 (2) and (3)

- 1 An *authorised firm* may comply with rule 4.3.11 (2) (b) or (3) (b) by including the required information in a sticker or wrapper attached to the *product disclosure document* or disclosure documentation.
- 2 The purpose of rule 4.3.11 (3) is to allow an *authorised firm* to give disclosure documentation that meets the disclosure objectives of a *product disclosure document*, even if the form or content is different in matters of detail from that required by this division. For example, an *authorised firm* could provide a disclosure document that uses a projection or illustration prepared in accordance with rules prescribed by an *overseas regulator*, if these ensure a fair projection based on objective and reasonable assumptions.

4.3.12 Product disclosure document—provision requirement exemptions

- (1) Rule 4.3.11 (Product disclosure documentation—provision requirement) does not apply in relation to the sale of a *packaged product* by an *authorised firm* to a *retail customer* if—
 - (a) the sale takes place during the firm’s first contact with the customer; and
 - (b) the contact takes place by telephone; and
 - (c) rule 4.2.4 (Initial contact by telephone) is complied with in relation to the contact.
- (2) Rule 4.3.11 also does not apply in relation to the sale of a *packaged product* by an *authorised firm* to a *retail customer* if—

- (a) is produced and presented to at least the same quality and standard as the sales or marketing material used by it to promote the *packaged product*; and
- (b) is separate from any other material given to the customer; and
- (c) displays the *product provider*’s brand at least as prominently as any other brand displayed; and
- (d) does not disguise, diminish or obscure important items, statements or warnings.

-
- (c) the firm's regulatory status in a form required by *GENE*;
Note See *GENE*, r 3.1.
- (d) the following statement prominently displayed:
'The Qatar Financial Centre Regulatory Authority is the independent financial services regulator for the Qatar Financial Centre. It requires us, [*insert authorised firm's name*], to give you this important information to help you to decide whether this [*insert 'product' or product name*] is right for you. You should read this document carefully so that you understand what you are buying, and then keep it safely for future reference.';
- (e) a description, appropriate for the *packaged product's* complexity, of its nature, its particular characteristics, how it works, and any limitations or minimum standards that apply;
- (f) enough information about the material benefits and risks of buying the product for a *retail customer* to be able to make an informed decision about whether to buy;

- (i) whether there is a right to cancel and, if there is a right to cancel, the consequences of exercising this right, and enough details to enable the right to be exercised by a *retail customer*.
- (2) An *authorised firm* must not, in a *product disclosure document* prepared by it, do or say (or fail to do or say) anything that might reasonably lead a *retail customer* to be mistaken about the *product provider's* identity.

4.3.15 Life policies—additional content

- (1) An *authorised firm* must ensure that a *product disclosure document* prepared by it for a *life policy* for a *retail customer* includes the following:
- (a) a definition of each benefit and option;
- (b) the term of the contract;
- (c) details of how the contract may be terminated;
- (d) how and when premiums are payable;

- (e) details of how bonuses are calculated and distributed, including the following information:
 - (i) how profits that are allocated for the payment of bonuses are distributed;
 - (ii) whether increased benefits resulting from bonuses are payable (subject to any adjustments) even if the contract is terminated early by either party to the contract;

- (3) In completing the table, the *authorised firm* must—
- (a) include figures for the first 5 years of the *life policy*; and
 - (b) if the policy is a *whole-life policy* or the illustration covers more than 25 years—include figures for the 10th and every subsequent 10th year of the policy’s term; and

 - (e) if there is discontinuity in the trend of surrender values—include the appropriate intervening years; and
 - (f) in the ‘Total paid in to date’ column, show cumulative totals of contributions paid to the end of each relevant year; and
 - (g) in the ‘Effect of charges and expenses to date’ column, show the figure calculated by taking the accumulated value of the fund without taking charges and expenses into account and then subtracting from that figure the figure in the ‘What you might get back’ column for the same year ; and
 - (h) in the ‘What you might get back’ column, show the projection of the surrender value for the policy calculated in accordance with rule 4.3.18 (Life policies—projection calculation rules) and accumulated at the rate of return selected by the firm for the lower or higher projection mentioned in rule 4.3.16 (2) (Life policies—illustrations), as the case requires; and
 - (i) if the *retail customer* is entitled to exercise, and has chosen or expressed the intention to exercise, the right to make partial surrenders—include a column headed ‘Withdrawals’ showing the cumulative total of the withdrawals.
- (4) The *authorised firm* must include a statement at the bottom of the table expressing the effect of charges and expenses on the *life policy* in terms of a reduction in the rate of return.

Guidance for r 4.3.17 (4)

The reduction in the rate of return (*A*) may be calculated as follows:

$$A = B - C$$

where:

B is the rate of return selected by the firm for the lower or higher projection mentioned in rule 4.3.16 (2), as the case requires.

C is the annual rate of return worked out by—

- (a) carrying out a projection using *B*; and
- (b) then calculating the annual rate of return (rounded to the nearest tenth of 1%) required to achieve the same projection value if charges and expenses were not taken into account.

4.3.18 Life policies—projection calculation rules

- (1) For rule 4.3.16 (Life policies—illustrations) and rule 4.3.17 (Life policies—effect of charges and expenses table), any projection of the

surrender value of a *life policy* used in an illustration or an effect of charges and expenses table must be calculated in accordance with a methodology and set of assumptions prepared and approved by the *approved actuary* of the *insurer* preparing the *product disclosure document*.

- (2) In preparing the methodology and assumptions mentioned in subrule (1), the *approved actuary* must have regard to relevant professional standards and any requirements of this division.
- (3) A projection must be specific to the *retail customer* and be calculated on the basis of the customer's age and sex, the amount assured, the premium and other factors material to the *life policy*.
- (4) However, if a projection is calculated for the purposes of a *financial promotion* (including a direct offer or invitation *financial promotion*) or in relation to a single premium *life policy*, it must be calculated on the basis of factors that represent the average member of the group to whom it is directed or by whom it is likely to be received.
- (5) In calculating the projection, contributions must be net of any rider benefits and extra premiums charged for increased underwriting benefits.

4.3.19 Life policies—provision of policy document

If an *authorised firm* finalises a *life policy* with or for a *customer*, the firm must, immediately after finalising the policy, give the *customer*, in a durable medium, a policy document containing all the terms of the policy.

4.3.20 Life policies—recordkeeping

- (1) An *authorised firm* must ensure that a copy of a *product disclosure document* given by it to a *retail customer* in relation to a *life policy* is made and kept for at least 6 years, unless the customer does not take out the policy.
- (2) An *authorised firm* must ensure that a copy of any other disclosure documentation given by it to a *retail customer* in relation to a *life policy* is made and kept for at least 6 years, unless the customer does not take out the policy.
- (3) An *authorised firm* must ensure that a record of the methodology and set of assumptions prepared and approved by the *approved actuary* for rule 4.3.18 (1) for the firm is made and kept for at least 6 years after the day the methodology or set of assumptions is replaced by a new methodology or set of assumptions.

4.3.23 Units in collective investment schemes—name and description of scheme etc

For rule 4.3.21 (b), the *product disclosure document* for a *unit* in a *collective investment scheme* must include the following information:

- (a) the name of the scheme;
- (b) the date the scheme was registered and the jurisdiction in which it was registered;
- (c) if the scheme is an umbrella scheme—a statement to that effect and the name of each subscheme;
- (d) the name and contact details of the *operator* of the scheme;
- (e) the name and contact details of any independent entity (or custodian or trustee) for the scheme;
- (f) if applicable, the name of the *group* of which the *operator* or independent entity (or custodian or trustee) is a member;
- (g) the name and contact details of the auditor of the scheme;
- (h) the date the scheme started to operate or, if the scheme has not started to operate, when the scheme is expected to operate;
- (i) if the duration of the scheme is limited—
 - (i) a statement to that effect; and
 - (ii) an indication of the duration of the scheme; and
 - (iii) if appropriate, a statement of any conditions for extending the duration of the scheme;
- (j) if applicable, the risks associated with the use of hedging, arbitrage or leverage techniques and how their use may affect the scheme's performance;
- (k) whether income arising from the scheme will be distributed or reinvested;
- (l) a statement that an investor may redeem *units* on demand or of the conditions that must be satisfied before an investor can redeem *units*;
- (m) how frequently *units* will be dealt in;
- (n) if applicable, the likely impact of portfolio transactions costs;
- (o) if applicable, the minimum recommended holding term for a *unit* or class of *units*;

4.3.25 Units in collective investment schemes—risk and reward profile

- (1) For rule 4.3.21 (d), the *product disclosure document* for a *unit* in a *collective investment scheme* must—
- include the scale of risks and rewards in diagram 4.3.25; and
 - indicate the risk category (from 1 to 7) in which the scheme falls in the scale by shading the appropriate box; and
 - explain briefly why the scheme falls in that category.

Diagram 4.3.25 Scale of risks and rewards

- (2) The scale of risks and rewards must be accompanied in the *product disclosure document* by—
- an explanation of its use and limitations, including—
 - that the risk category indicated is not guaranteed and may change over time; and
 - that the risk category may not adequately capture all the risk factors relevant to the scheme; and
 - that the lowest risk category does not mean that a scheme in that category is risk free; and
 - that historical data may not be a reliable indicator of future performance of the scheme; and
 - details of the nature, timing and extent of any capital guarantee or protection given for the scheme.
- (3) If the risk category for the scheme does not adequately capture all the risk factors relevant to the scheme, the *product disclosure document* must include a list of all those factors and give an explanation of how each factor is materially relevant to the scheme.

-
- (4) The risk factors that may or may not be adequately captured in the scheme's risk category and that may or may not be relevant to the scheme include—
- (a) market risk, including—
- (i) the risk that the entire market for an asset or a class of assets will decline and affect the value of the asset or assets; and
 - (ii) whether the value of the capital and any income from it might fluctuate; and
 - (iii) particular risks (if any) associated with the underlying assets in which the scheme may invest; and
 - (iv) particular risks (if any) associated with the markets in which investments may be made; and
 - (v) volatility, and the fact that the loss on realisation of the investment could be very high, even equalling the amount originally invested; and
- (b) credit risk, if a significant level of investment is made in *debt instruments*; and

Example

the risk that an issuer or counterparty will default

- (c) liquidity risk, including—
- (i) if a significant level of investment is made in financial instruments that are likely to have a low level of liquidity in certain circumstances—the risk that a position cannot be liquidated quickly at a reasonable price; and
 - (ii) potential liquidity problems with property investments, that redemption might be delayed during a period when the property is not readily saleable, and that property valuation is a matter of judgment by a valuer; and
- (d) counterparty risk, if the scheme is backed by a guarantee from, or has material investment exposure through contracts with, a third party; and
- (e) settlement risk, if a settlement in a transfer system used by the scheme does not take place as expected because a counterparty does not pay or deliver on time or as expected; and
- (f) operational risk, including risk associated with safeguarding of assets; and

- (g) the risk from the use of investment techniques such as the use of derivative contracts.
- (5) Any information required to be given under this rule must be presented in the *product disclosure document*—
 - (a) so that the order in which information is given takes into account the scale and relevance of the risks to which the information relates; and
 - (b) in a way that best highlights the risk and reward profile of the scheme.

4.3.26 Units in collective investment schemes—projections

- (1) For rule 4.3.21 (e), the *product disclosure document* for a *unit* in a *collective investment scheme* must include projections of the future values of the actual amount that the *retail customer* is proposing to invest.
- (2) The projections must—
 - (a) show 3 scenarios of market conditions in the following order:
 - (i) unfavourable;
 - (ii) medium;
 - (iii) favourable; and
 - (b) state the returns under each scenario (including, if applicable, negative returns); and
 - (c) be based on reasonable, conservative assumptions about future market conditions and price movements; and
 - (d) be presented in a way that is fair, clear and not misleading, and likely to be understood by the average *retail customer*; and
 - (e) be accompanied in the *product disclosure document* by a statement that the projections are for illustration purposes only and do not represent a forecast of what might happen.

4.3.27 Units in collective investment schemes—charges and expenses table

- (1) For rule 4.3.21 (f), the *product disclosure document* for a *unit* in a *collective investment scheme* must include a table illustrating the effect of charges and expenses on the investment.

- (2) The table must be substantially in the form of table 4.3.27 and must include the notes and statements following the table.

Table 4.3.27 Charges and expenses for the scheme

One-off charges taken before or after you invest	
Entry charge	[insert percentage]% ¹
Exit charge	[insert percentage]% ¹
This is the maximum that might be taken out of your money [insert as applicable before it is invested or before the proceeds of your investment are paid out].	
Charges taken from the fund over a year	
Ongoing charges	[insert percentage]% ²
Charges taken from the fund under certain specific conditions	
Performance fees	[insert percentage]% a year of any returns the fund achieves above the [insert name of benchmark].

Note 1 The percentages shown in the entry and exit charges are the maximum figures. In some cases you might pay less.

Note 2 The percentage for the ongoing charges is based on expenses for the year ending [insert year]. This figure may vary from year to year. Ongoing charges excludes—

- performance fees
- portfolio transaction costs, other than entry and exit charges incurred when buying or selling units in another collective investment scheme.

Statements about charges and expenses

The charges you pay are used to pay the costs of running the scheme, including the costs of marketing and distributing it. These charges reduce the potential growth, and rate of return, of your investment.

For more information about charges, please see pages [x] to [y] of the scheme’s prospectus, which is available [explain how the prospectus can be obtained].

4.3.28 Units in collective investment schemes—past performance chart

- (1) For rule 4.3.21 (g), the *product disclosure document* for a *unit* in a *collective investment scheme* that has been operating for at least 3 years must include a chart illustrating the past performance of the scheme.
- (2) The chart must be substantially in the form of chart 4.3.28 and must comply with subrule (3) and, if applicable, subrules (4) and (5).

Chart 4.3.28 Past performance chart

- (3) The chart must—
- (a) be based on complete 12-month periods; and
 - (b) cover the annual returns of the scheme for the last 10 years or, if it has been operating for less than 10 years, the entire period for which the scheme has been operating (but never less than 3 consecutive years); and
 - (c) be accompanied in the *product disclosure document* by—
 - (i) a statement of the year the scheme started operating; and
 - (ii) a statement about the currency used to calculate annual returns and the charges included in, or excluded from, the calculation of annual returns; and
 - (iii) a statement about the basis and source of the performance information; and
 - (iv) a warning about the limited value of the chart as a guide to future performance.
- (4) If a *collective investment scheme* refers to a benchmark or tracks an index, or any performance fee in relation to the scheme is dependent

on a benchmark, chart 4.3.28 must include a comparison of the past performance of the scheme against the past performance of the benchmark or index.

- (5) Any comparison under subrule (4) must be made, and shown on the chart, on a like-for-like basis and in a way that is fair, clear and not misleading.

4.3.29 Units in collective investment schemes—closing statement

For rule 4.3.21 (h), the *product disclosure document* for a *unit* in a *collective investment scheme* must include the following statement at the end of the document:

‘This scheme is registered in [*insert jurisdiction*] and regulated by the [*insert name of regulator*].

This product disclosure document is accurate as at [*insert date of publication*].’.

4.3.30 Units in collective investment schemes—recordkeeping

- (1) An *authorised firm* must ensure that a copy of a *product disclosure document*, or any other disclosure documentation, given by it to a *retail customer* in relation to a proposed investment in *units* in a *collective investment scheme* is made and kept for at least 6 years, unless the customer does not proceed with the investment.
- (2) An *authorised firm* must ensure that a copy of any other disclosure documentation given by it to a *retail customer* in relation to a *unit* in a *collective investment scheme* is made and kept for at least 6 years, unless the customer does not take out the policy.

Part 4.4 Investment business—post-contractual obligations

Division 4.4.A Investment business—reporting to customers

4.4.1 Confirmation notes—provision requirement

- (1) If an *authorised firm executes* a transaction in relation to a *relevant investment* for a *customer*, it must promptly give the *customer* a written confirmation note recording the essential details of the transaction.
- (2) This rule is subject to rule 4.4.5 (Confirmation notes—provision requirement exemption).

4.4.2 Confirmation notes—omission of information

- (1) If—
 - (a) a *person* fails to give an *authorised firm* information that the firm needs for inclusion in a confirmation note for a transaction in relation to a *relevant investment* for a *customer*; or
 - (b) the transaction *executed* by an *authorised firm* in relation to a *relevant investment* for a *customer* involves a conversion of a currency into another currency and the firm has not made the conversion;

the firm may omit the information from the confirmation note if its omission is indicated by a statement to the effect that it will be supplied later or that it cannot be supplied, as appropriate.

- (2) If the *authorised firm* gets the information later, the firm must promptly give the information to the *customer*.

4.4.3 Confirmation notes—when transaction taken to be executed

- (1) If an *authorised firm executes* a transaction that requires a confirmation note and the *execution* is outside normal market hours, the transaction is taken to be *executed* on the next *business day*.
- (2) If an *authorised firm executes* a series of transactions, all the transactions may be taken to be *executed* at the time the last transaction is *executed* if a record of the time that each individual

transaction is *executed* is made, for example, by means of a time stamp.

- (3) If an *authorised firm* aggregates and then subsequently allocates a *customer order* with an *own account order* or with another *customer order*, the transaction is taken to be *executed* at the time of allocation under rule 4.5.11 (Aggregation of customer orders—allocation).

4.4.4 Confirmation notes—content

A confirmation note for a transaction must include the information about the transaction required by schedule 2.

4.4.5 Confirmation notes—provision requirement exemption

- (1) An *authorised firm* is not required to give a confirmation note to a *customer* for a transaction if—
- (a) the *customer* has told the firm (in writing, if the *customer* is a *retail customer*) that the *customer* does not wish to receive confirmation notes at all or confirmation notes for the transaction or transactions of that kind; or
 - (b) an arrangement is in place for the *customer* to make a series of payments for the purchase of *units* in a *collective investment scheme*; or
 - (c) each of the following applies to the transaction:
 - (i) the firm is acting as an *investment manager* for the *customer* in relation to the transaction;
 - (ii) the transaction is not a *contingent liability transaction*;
 - (iii) the firm has taken reasonable steps to ensure that the *customer* does not wish to receive confirmation notes at all or confirmation notes for the transaction or transactions of that kind; or
 - (d) it would duplicate information already given, or to be given promptly, by another *person* that confirms all the essential details of the transaction (other than details relating only to the firm).

- (2) If an *authorised firm* relies on subrule (1) (a) or (c) in relation to the transaction, the firm must give the *customer* a periodic statement under rule 4.4.7 (Periodic statements—provision requirement) that contains information that—
- (a) would otherwise have been required to be included in a confirmation note given by the firm to the *customer* for the transaction; and
 - (b) is still relevant when the periodic statement is given to the *customer*.

4.4.6 Confirmation notes—recordkeeping

An *authorised firm* must keep a copy of each confirmation note given to a *customer* for at least 6 years after the day it is given to the *customer*.

4.4.7 Periodic statements—provision requirement

- (1) If an *authorised firm*—
- (a) acts as an *investment manager* for a *customer*; or
 - (b) operates a *customer*'s account containing *relevant investments*;
- it must promptly, and at the intervals required by rule 4.4.8, give the *customer* a written statement (a *periodic statement*).
- (2) The periodic statement must include the information required by—
- (a) schedule 3 (Content of periodic statements), part S3.1 (Periodic statements—general content requirements); and
 - (b) if during the period covered by the periodic statement the *authorised firm* acted as an *investment manager* for the *customer*—schedule 3, part S3.2 (Periodic statements—investment management); and
 - (c) if the periodic statement covers a *contingent liability transaction*—schedule 3, part S3.3 (Periodic statements—contingent liability transactions); and
 - (d) if the periodic statement covers a transaction relating to a *structured capital at risk investment*—schedule 3, part S3.4 (Periodic statements—structured capital at risk investments).
- (3) This rule is subject to rule 4.4.9 (Periodic statements—provision requirement exemption).

4.4.8 Periodic statements—intervals

An *authorised firm* must give a *customer* a periodic statement at intervals no longer than—

- (a) 6-monthly; or
- (b) if the *customer* is a *retail customer* and the customer's portfolio includes an uncovered open position resulting from a *contingent liability transaction*—monthly; or
- (c) if the *customer* has, on the *customer's* own initiative, agreed on alternative intervals with the firm—the agreed interval or annually, whichever is shorter.

4.4.9 Periodic statements—provision requirement exemption

An *authorised firm* need not give a *customer* a periodic statement if it would duplicate information already given, or to be given promptly, by another *person*.

4.4.10 Periodic statements—recordkeeping

An *authorised firm* must keep a copy of each periodic statement given to a *customer* for at least 6 years after the day it is given to the *customer*.

Division 4.4.B Cancelling relevant investment contracts—retail customers

4.4.11 Relevant investment contracts—right to cancel

If a *retail customer* buys a *relevant investment*, other than a *life policy*, as a result of advice by an *authorised firm* to the customer, the customer has a right, in accordance with this division, to cancel the *relevant investment*.

Note Division 6.2.A deals with cancelling *life policies*.

Guidance for r 4.4.11

An *authorised firm* may voluntarily provide additional cancellation rights, or rights exercisable during a longer period than allowed under this division, but, if it does so, these should be on terms similar to those in this division.

4.4.12 Relevant investment contracts—when cancellation rights can be exercised

- (1) A *retail customer* may exercise a cancellation right under this division in relation to a *relevant investment*, other than a *life policy*, made by an

authorised firm with or for the customer only during the cancellation period for the investment.

- (2) For a *relevant investment*, other than a *life policy*, the cancellation period—
- (a) starts on the later of the following:
- (i) the day the *authorised firm* gives the *retail customer* the statement required by rule 4.3.1 (c) (Retail investment advice—general requirements) for the policy;
 - (ii) the day the *authorised firm* gives the *retail customer* a *product disclosure document* required by any of the following rules:
 - rule 4.2.4 (3) (Initial contact by telephone)
 - rule 4.3.11 (Product disclosure document—provision requirement);
 - (iii) if the *authorised firm* is required to give the *retail customer* a confirmation note by rule 4.4.1 (Confirmation notes—provision requirement) in relation to the *relevant investment*—the day the firm gives the confirmation note to the customer; and
- (b) ends at the end of 14 days after that day.

4.4.13 Relevant investment contracts—exercising cancellation right

- (1) This rule applies if a *retail customer* has a right under this division to cancel a *relevant investment*, other than a *life policy*, made by an *authorised firm* with or for the customer.
- (2) The *retail customer* may exercise the cancellation right by giving notice of the exercise of the right to the *authorised firm* in a durable medium.
- (3) Without limiting subrule (2), if the *retail customer* exercises the right in accordance with information given to the customer by the *authorised firm*, the customer is taken to have complied with the subrule.
- (4) The notice need not use any particular form of words and it is sufficient if the intention to exercise the right is reasonably clear from the notice or the notice and the surrounding circumstances.
- (5) The notice need not give reasons for the exercise of the right.

-
- (6) If the *retail customer* exercises the cancellation right by sending notice to the *authorised firm* at the address given to the customer by the firm for the exercise of the right and the notice is in a durable form accessible to the firm, the notice is taken to have been given to the firm when it is sent to the firm at that address.

4.4.14 Relevant investment contracts—consequences of cancellation

- (1) This rule applies if a *retail customer* exercises a right under this division to cancel a *relevant investment*, other than a *life policy*, made by an *authorised firm* with or for the customer.
- (2) Any contract (a **relevant contract**) to which the *retail customer* is a party in relation to the *relevant investment* is terminated.
- (3) The *authorised firm* must pay the *retail customer* an amount equal to the total of the amounts paid by the customer under relevant contracts.
- (4) The amount must be paid to the *retail customer* without delay and no later than 30 days after the day the cancellation right is exercised.
- (5) The *retail customer* must, if required by the *authorised firm*, pay the firm an amount of no more than the total of—
- (a) amounts received, and the value of property or services received, by the customer under relevant contracts; and
 - (b) losses incurred by the firm because of market movements in relation to relevant contracts if the losses are incurred on or before the day the cancellation right is exercised.
- (6) Subrule (5) (b) only applies if the *authorised firm* complied with the disclosure obligations under *COND* in relation to the cancellation right.
- (7) Subrule (5) (b) does not apply in relation to a contract established on a regular or recurring payment basis.
- (8) An amount payable by the *retail customer* under subrule (5) must be paid to the *authorised firm* without delay and no later than 21 days after the day the customer receives written notice from the firm requiring payment of the amount.
- (9) Any amounts payable under this rule are simple contract debts and may be set off against each other.

4.4.15 Relevant investment contracts cancellation—recordkeeping

- (1) An *authorised firm* must make appropriate records about the exercise of rights to cancel under this division.
- (2) The records must be kept for at least 6 years after the day the right is exercised.

Part 4.5 Other investment related activities

Division 4.5.A Investment research and investment recommendations

4.5.1 Investment research—conflicts of interest and impartiality

- (1) This rule applies if—
 - (a) an *authorised firm* publishes or disseminates *investment research*; and
 - (b) either—
 - (i) the firm holds the research out (in whatever terms) as being an impartial assessment of the value or prospects of the subject matter of the research; or
 - (ii) it is reasonable for those to whom the firm has published or distributed the research to rely on it as an impartial assessment of the value or the prospects of the subject matter of the research.
- (2) The *authorised firm* must do all of the following:
 - (a) establish and implement a policy, appropriate to the firm, for managing effectively the conflicts of interest and *material interests* that might affect the impartiality of the *investment research*;
 - (b) make a record of the policy and keep it for at least 6 years after it ceases to have effect;
 - (c) take reasonable steps to ensure that it and its *employees* comply with the policy;
 - (d) make a written copy of the policy available to any *person* on request;
 - (e) take reasonable steps to ensure that the policy remains appropriate and effective.
- (3) The policy must identify the types of *investment research* to which the policy applies and must make provision for systems, controls and procedures that—
 - (a) identify conflicts of interest and *material interests* that might affect the impartiality of the *investment research* to which the policy relates; and

- (b) manage effectively conflicts of interest and *material interests*, to the extent that they arise or might arise within the *authorised firm*, in relation to at least each of the following:
 - (i) the supervision and management of *investment analysts*;
 - (ii) the remuneration structure for *investment analysts*;
 - (iii) the extent to which *investment analysts* may become involved in activities other than the preparation of *investment research*;
 - (iv) the extent to which inducements offered by *issuers of securities*, or other *persons with material interests* in the subject matter of *investment research*, may be accepted by *investment analysts* or senior *employees* of the *authorised firm*;
 - (v) the *persons* who may comment on draft *investment research* before publication, and the process for taking account of their comments;
 - (vi) the timing and manner of publication and distribution of *investment research* and of the communication of its substance;
 - (vii) what information or disclosures are appropriate to include in *investment research* (taking appropriate account of matters required by law); and
- (c) clearly indicate the extent to which the firm's policy relies on *Chinese walls* or other information barriers.

4.5.2 Investment research recommendations—basic requirements

- (1) An *authorised firm* must—
 - (a) take reasonable care to ensure that a *research recommendation* that is produced or disseminated by it in relation to *relevant investments* is presented fairly and is not misleading; and
 - (b) disclose any conflicts of interest or *material interests* that the firm has in relation to the *relevant investments*.

-
- (2) An *authorised firm* must, in a *research recommendation* produced by it—
- (a) disclose clearly and prominently the identity of the *person* responsible for its production, and in particular—
 - (i) the name and job title of the individual who prepared the *research recommendation*; and
 - (ii) the firm's name; and
 - (b) include the firm's regulatory status in a form required by *GENE*.
Note See *GENE*, r 3.1.
- (3) Subrule (2) may be complied with in relation to a non-written *research recommendation* by referring to a place where the disclosures can be easily accessed by the public, for example, the *authorised firm's* web site.
- (4) An *authorised firm* must, for any *research recommendation* produced or disseminated by it, take reasonable care to ensure that—
- (a) facts in a *research recommendation* are clearly distinguished from interpretations, estimates, opinions and other types of non-factual information; and
 - (b) its sources for a *research recommendation* are reliable or, if there is any doubt about whether a source is reliable, this is clearly indicated; and
 - (c) all projections, forecast and price targets in a *research recommendation* are clearly labelled as such and the material assumptions made in producing or using them are indicated; and
 - (d) the substance of a *research recommendation* can be substantiated as reasonable at the *Regulatory Authority's* request.
- (5) The requirements of subrule (4) do not apply in relation to a non-written *research recommendation* if they would be disproportionate in relation to the length of the *research recommendation*.

4.5.3 Investment research recommendations—additional requirements

An *authorised firm* must comply with the additional requirements mentioned in schedule 4 that apply to it.

4.5.4 Investment research recommendations—recordkeeping

- (1) An *authorised firm* must make a record of—
 - (a) each *research recommendation* it produces, including details of how the substance of the *research recommendation* can be substantiated as reasonable; and
 - (b) each *research recommendation* it disseminates.
- (2) The record of a *research recommendation* must be kept for at least 6 years after the day the *research recommendation* is last disseminated.

Division 4.5.B Personal account transactions

4.5.5 Personal account transaction—systems and controls

- (1) An *authorised firm* must establish and maintain systems and controls to ensure that—
 - (a) a *personal account transaction* undertaken by any of its *employees* or agents does not conflict with the firm's duties to its *customers* under the *regulatory system*; and
 - (b) it receives prompt notification of each *personal account transaction* entered into by any of its *employees* or agents or is otherwise able to identify it, and makes a record of it; and
 - (c) an *employee* or agent who is prevented from entering into a transaction for the *employee's* or agent's own account does not (except in the proper course of the *employee's* or agent's employment or authority) arrange for another *person* to enter into the transaction, or communicate any opinion to another *person*, if the *employee* or agent knows or reasonably ought to know that the other *person* will, as a result, be likely to enter into the transaction or arrange for another *person* to do so.
- (2) Subrule (1) does not apply in relation to an *employee* or agent if the *authorised firm* has taken reasonable steps to decide that the *employee* or agent will not be involved to any material extent in, or have access to information about, the firm's *investment business*.
- (3) The systems and controls established and maintained by the *authorised firm* under subrule (1) must include—
 - (a) drawing the restrictions on *personal account transactions*, and any general permissions to *execute personal account*

- (c) for records of a decision mentioned in subrule (1) (c) in relation to an *employee* or agent—6 years after the day the *employee* or agent ceases to be employed or retained by the firm; and
- (d) for records of a permission mentioned in subrule (1) (d)—6 years after the day the permission is given.

Division 4.5.C Dealing and managing

4.5.7 Dealing and managing—best execution

- (1) If an *authorised firm* agrees, or decides in the exercise of its discretion, to *execute* any transaction with or for a *customer* in relation to a *relevant investment*, it must provide best *execution*.
- (2) However, the *authorised firm* need not provide best *execution* if—
 - (a) it only arranges the transaction for the *customer*; or
 - (b) the market in the *relevant investment* is insufficient to allow for meaningful price comparison; or
 - (c) the *customer* is a *business customer* and the firm has agreed with the *customer* that it will not provide best *execution*; or
 - (d) another *person* is responsible for the *execution* of a transaction and has undertaken to provide best *execution*.
- (3) To provide best *execution* for the transaction, the *authorised firm* must—
 - (a) take reasonable care to find out the best available price in the relevant market at the time for transactions of the same kind and size; and
 - (b) *execute* the *customer order* for the transaction at a price that is no less advantageous to the *customer*, unless the firm has taken reasonable steps to ensure that it would be in the *customer's* best interests not to do so.
- (4) To take reasonable care under subrule (3) (a), the *authorised firm* must—
 - (a) calculate the best *execution* price before any previously disclosed *charges* that might be payable; and
 - (b) not take a mark-up or mark-down; and
 - (c) pass on to the *customer* the price at which it *executes* the transaction to meet the *customer order*; and

- (d) if it can access prices displayed by different exchanges and trading platforms and make a direct and immediate comparison—*execute the customer order at the best price available if this is in the best interest of the customer.*

4.5.8 Dealing and managing—timely execution

- (1) If an *authorised firm* agrees, or decides in its discretion, to *execute* a transaction for an *existing customer order* in relation to a *relevant investment*, it must *execute* the order as soon as practical.
- (2) However, subrule (1) does not apply if the *authorised firm* has taken reasonable steps to ensure that postponing the *execution* of a transaction for the *existing customer order* is in the best interests of the *customer*.

Guidance for r 4.5.8 (2)

Factors relevant to whether the postponement of an *existing customer order* may be in the best interests of the *customer* include the following:

- (a) whether the *customer order* is received outside of normal trading hours;
- (b) whether a foreseeable improvement in the level of liquidity in the *relevant investment* is likely to enhance the terms on which the *authorised firm executes* the transaction for the *customer order*;
- (c) whether *executing* the transaction for the *customer order* as a series of partial transactions over a period of time is likely to improve the terms on which the transaction as a whole is *executed*.

4.5.9 Dealing and managing—recordkeeping

- (1) An *authorised firm* must ensure, by establishing and maintaining appropriate procedures, that it promptly records adequate information in relation to each of the following:
- (a) the receipt of *customer orders*;
- (b) the exercise of its discretion to decide to *execute* transactions for *customer orders*;
- (c) the *execution* of transactions for *customer orders*;
- (d) the passing of *customer orders* to other *persons* for *execution* of transactions;
- (e) the *execution* of transactions for *own account orders*.
- (2) Subrule (1) (c) and (d) do not apply to the *authorised firm* if it is only arranging a transaction for a *customer*.
- (3) The records must, as a minimum, record the information required by schedule 5.

- (4) The *authorised firm* must keep records made under this rule for a *customer order* or *own account transaction* for at least 6 years after the day the transaction (or the last of the transactions) for the order is *executed*.

4.5.10 Dealing and managing—aggregation of customer orders

An *authorised firm* may aggregate a transaction for a *customer order* for a *customer* with transactions for *customer orders* for other *customers* or for *own account orders* if—

- (a) the firm believes on reasonable grounds that it is unlikely that the aggregation will operate to disadvantage the *customer* or any of the other *customers* whose transactions are to be aggregated; and
- (b) the firm has disclosed orally or in writing to the *customer* that the transaction for the *customer order* may be aggregated and that the effect of aggregation may sometimes operate to the *customer's* disadvantage; and
- (c) the firm has made a record of the intended basis of allocation and the identity of each *customer* before the transactions are aggregated; and
- (d) the firm has in place a written policy on aggregation and allocation that is consistently applied and includes a process that will be adopted if only part of the aggregated order has been filled.

4.5.11 Aggregation of customer orders—allocation

- (1) This rule applies if—
 - (a) an *authorised firm* aggregates a transaction for a *customer order* for a *customer* with transactions for *customer orders* for other *customers* or for *own account orders*; and
 - (b) part or all of the aggregated order is filled.
- (2) The *authorised firm* must promptly allocate the *relevant investment* involved in the aggregated order in accordance with rule 4.5.13 (1) (Aggregation of customer orders—fair allocation etc).

Note See r 4.5.12 for the requirements to be satisfied for prompt allocation.

4.5.12 Aggregation of customer orders—prompt allocation

For rule 4.5.11, to allocate a *relevant investment* promptly an *authorised firm* must—

- (a) allocate the *relevant investment* within 1 *business day*; or

- (b) if only *business customers* or *market counterparties* are affected by the allocation and each of them agrees—allocate the *relevant investment* within 5 *business days*.

4.5.13 Aggregation of customer orders—fair allocation etc

- (1) For rule 4.5.11 (Aggregation of customer orders—allocation), an *authorised firm* must—
- (a) allocate *relevant investments* in accordance with the intended basis of allocation recorded under rule 4.5.10 (c) (Dealing and managing—aggregation of customer orders); and
 - (b) ensure the allocation is done fairly and uniformly by not giving excessive preference to itself or to any *person* for whom it deals; and
 - (c) if the aggregated order includes *customer orders* and *own account orders*—give priority to satisfying *customer orders* if all the orders cannot be satisfied, unless it can demonstrate on reasonable grounds that without its own participation it could not have *executed* the *customer orders* on such favourable terms, or at all.
- (2) The *authorised firm* must make a record of each of the following:
- (a) the date and time of the allocation;
 - (b) the *relevant investment*;
 - (c) the identity of each *customer* affected by the aggregation;
 - (d) the amount allocated to each *customer* affected by the aggregation and to the firm;
 - (e) if applicable, the agreement of each *business customer* or *market counterparty* for rule 4.5.12 (b) (Aggregation of customer orders—prompt allocation).
- (3) The *authorised firm* must keep the records for at least 6 years after the day the *relevant investments* are aggregated.

4.5.14 Dealing and managing—customer order priority

- (1) An *authorised firm* must *execute* transactions for *existing customer orders* and *own account orders* in relation to *relevant investments* fairly and in proper turn.

- (2) The *authorised firm* does not breach subrule (1) by *executing an own account order* in relation to the *relevant investments* while it has an *existing customer order* in relation to the *relevant investments* if—
- (a) it receives the *existing customer order* after it had decided to deal for itself; or
 - (b) the *employee* or agent taking the decision to deal for the firm was unaware of the *existing customer order* when making the decision; or
 - (c) the firm believes on reasonable grounds that by postponing the transaction for the *existing customer order* it is likely to improve the terms on which the transaction for the order will be *executed*.
- (3) If subrule (2) (c) applies, the *authorised firm* must take care to ensure that *customer orders* that are advanced because of the postponement are also treated fairly.

4.5.15 Dealing and managing—excessive dealing and switching

- (1) An *authorised firm* must not—
- (a) in the exercise of its discretion, *execute* a transaction in relation to a *relevant investment* for a *customer*; or
 - (b) advise a *customer* to enter into a transaction in relation to a *relevant investment*; or
 - (c) advise a *retail customer* to switch within a *packaged product* or between *packaged products* or make or arrange a switch that gives effect to such advice; or
 - (d) in the exercise of its discretion, make or arrange a switch within a *packaged product* or between *packaged products* for a *retail customer*;
- with such a frequency, or in such amounts, that the transactions may be regarded as excessive.
- (2) In complying with subrule (1), the *authorised firm* must be able to demonstrate that the transactions were fair, reasonable and in the *customer's* best interests when they were entered into, viewed both in isolation and in the context of earlier transactions.

4.5.16 Dealing and managing—non-market price transactions

- (1) An *authorised firm* must not enter into a *non-market-price transaction* with or for a *customer*, unless it has taken reasonable steps to ensure

Chapter 5 Conduct of non-investment insurance mediation business

Part 5.1 Non-investment insurance—general

5.1.1 Application—ch 5

This chapter applies to all *authorised firms* conducting *insurance mediation business* in relation to *non-investment insurance contracts* in or from the *QFC*.

Note See r 6.1.2 (2) for the application of this chapter to the effecting of a *non-investment contract of insurance* by an *authorised firm* in an *execution-only transaction*.

5.1.2 Authorised firm acting as intermediary for person outside State—general insurance business

- (1) This rule applies in relation to an *authorised firm* that is acting as intermediary in relation to *general insurance business* for a *person* outside the *QFC* and the *State*.
- (2) The *authorised firm* must ensure that it complies with every law, rule and regulation of the *State* applying in relation to *general insurance business*.

Part 5.2 Non-investment insurance—initial client contact

5.2.1 Providing information about firm—whose agent?

When an *authorised firm* first makes contact with a *customer* for the purpose of conducting *insurance mediation business* in relation to *non-investment insurance contracts*, the firm must disclose whether it acts—

- (a) for an *insurer* or any other *person*; or
- (b) independently for the *customer*.

5.2.2 Status disclosure—requirement

- (1) An *authorised firm* must not finalise a *non-investment insurance contract* with or for a *customer* unless the firm has disclosed the information required by rule 5.2.3 to the *customer*.
- (2) This rule is subject to rule 5.2.6 (Status disclosure—initial contact by telephone) and rule 5.2.7 (Status disclosure—exemption).

5.2.3 Status disclosure—content

For rule 5.2.2 (Status disclosure—requirement), an *authorised firm* must disclose the following information:

- (a) the firm's name and address;
- (b) the firm's regulatory status in a form required by *GENE*;
Note See *GENE*, r 3.1.
- (c) unless the firm is an *insurer*, details of any direct or indirect holdings that the firm has that represent more than 10% of the voting rights or capital in an insurer;
- (d) unless the firm is an *insurer*, details of any direct or indirect holdings that an insurer or its *parent entity* has that represent more than 10% of the voting rights or capital in the firm;
- (e) whether the firm has given, or will give, information or advice about the *non-investment insurance contract* offered to the *customer* on the basis of—
 - (i) a fair analysis of the market; or
 - (ii) *non-investment insurance contracts* available from a limited number of insurers; or
 - (iii) non-investment insurance contracts available from a single insurer;

- (f) if the *non-investment insurance contract* has not been selected on the basis of either subrule (e) (i) or (iii)—that the *customer* can ask for a copy of the list of the insurers the firm selects from or deals with in relation to contracts of the type offered;
- (g) details of the amount of any fees charged by the firm in relation to the *non-investment insurance contract* or, if an actual amount of a fee charged by the firm cannot be given, how the *customer* can calculate the total amount;
- (h) the availability of the firm’s internal complaint-handling procedures and how a complaint may be made to the firm;
- (i) the availability of the *customer dispute resolution* scheme.

5.2.4 Status disclosure—scope of advice

- (1) An *authorised firm* must not hold itself out as giving information or advice to a *customer* about a *non-investment insurance contract* on the basis of a fair analysis of the market unless—
 - (a) it has considered a sufficiently large number of *non-investment insurance contracts* available in the relevant sector or sectors of the market; and
 - (b) the consideration is based on criteria that reflect adequate knowledge of *non-investment insurance contracts* available in the relevant sector or sectors of the market.
- (2) If an *authorised firm* gives information or advice to a *customer* about a *non-investment insurance contract* on the basis of *non-investment insurance contracts* available from a limited number of insurers or a single insurer, the firm must—
 - (a) disclose whether it is contractually obliged to conduct *insurance mediation business* this way; and
 - (b) keep a list of the insurers it selects from or deals with for each type of *non-investment insurance contract* it deals with; and
 - (c) give a copy of the list to a *customer* in a durable medium on request.

5.2.5 Status disclosure—form

- (1) An *authorised firm* must disclose the information required by rule 5.2.3 (Status disclosure—content) in writing.

- (2) However, the *authorised firm* may give the information orally to the *customer* before the *customer* enters into the *non-investment insurance contract* if—
 - (a) the *customer* asks the firm to give the information orally; or
 - (b) the *customer* requires immediate cover.
- (3) If subrule (2) applies, the *authorised firm* must give the information to the *customer* in writing promptly after the *customer* enters into the *non-investment insurance contract*.

5.2.6 Status disclosure—initial contact by telephone

- (1) This rule applies if—
 - (a) an *authorised firm*'s initial contact with a *customer* is by telephone; and
 - (b) the *customer* wishes to finalise a *non-investment insurance contract* during the telephone call; and
 - (c) the *customer* gives explicit agreement to finalising the contract on the basis of limited disclosure.
- (2) The *authorised firm* may finalise the *non-investment insurance contract* with or for the *customer* without complying with rule 5.2.2 (Status disclosure—requirement) if, during the call, the following information is given to the *customer*:
 - (a) the firm's name;
 - (b) if the call is initiated by the firm—the commercial purpose of the call;
 - (c) the name of the *person* in contact with the *customer* and the *person*'s link with the firm;
 - (d) that other information is available on request and the nature of that information.
- (3) If the *authorised firm* finalises the *non-investment insurance contract* with or for the *customer* under subrule (2), the firm must give the information mentioned in rule 5.2.3 (Status disclosure—content) to the *customer* in writing promptly after the telephone call.

5.2.7 Status disclosure—exemption

Rule 5.2.2 (Status disclosure—requirement) does not apply in relation to any *insurance mediation business* conducted by an *authorised firm* for a *customer* in the course of renewing or amending a *non-investment insurance contract*, if the information required by this part

has already been given to the *customer* in relation to the initial contract and is still accurate and up-to-date.

Guidance for r 5.2.7

For certain types of *general insurance contracts*, it is customary for a *retail customer* to seek quick quotes that the customer can compare. In these circumstances, it is not necessary for an *authorised firm* to give the status disclosure information when the quick quote is provided if the quote cannot be accepted (and a contract cannot be formed) without the firm obtaining further information from the customer.

5.2.8 Status disclosure—additional disclosure on request

An *authorised firm* must, on a *customer's* request, disclose to the *customer*—

- (a) all *commissions* and other economic benefits accruing to the firm, or any member of the same *group*, from any business transacted for the *customer*; and
- (b) any payment that it receives for providing to, or securing for, its *customer* any additional insurance-related services.

Guidance for r 5.2.8

Rule 5.2.8 does not apply to premiums, but does apply to fees (including any fees that an *authorised firm* charges if it receives no *commission* from an insurer in relation to a *contract of insurance*).

5.2.9 Giving information about firm—merely introducing

- (1) This rule applies if contact by an *authorised firm* with a *customer* is limited to introducing the *customer* to another *authorised firm*.
- (2) The *authorised firm* making the introduction must give the *customer* the following information about itself not later than a reasonable time before making the introduction:
 - (a) the firm's name and address;
 - (b) the firm's regulatory status in a form required by *GENE*;
Note See *GENE*, r 3.1.
 - (c) details of fees (if any) that the *customer* will be charged for the service being provided;
 - (d) whether the firm is a member of the same *group* as the *authorised firm* to whom the introduction is to be made.

Part 5.3 Non-investment insurance—advice to retail customers

5.3.1 Non-investment insurance advice—general requirements

- (1) If an *authorised firm* gives advice on a *non-investment insurance contract* to a *retail customer*, it must—
 - (a) take reasonable steps to ensure that it has sufficient personal and financial information about the customer to give the advice (see rule 5.3.2); and
 - (b) take reasonable steps to ensure that the advice is suitable for the customer's demands and needs (see rule 5.3.3); and
 - (c) give the customer a statement of why the firm considers the advice to be suitable for the customer (see rule 5.3.4).
- (2) An *authorised firm* may advise on a *non-investment insurance contract* that does not meet all of the *retail customer's* demands and needs if—
 - (a) there is no *non-investment insurance contract* within the firm's scope, as disclosed to the customer in accordance with rule 5.2.3 (e) (Status disclosure—content), that meets all of the customer's demands and needs; and
 - (b) the firm identifies to the customer, when the advice is made, the demands and needs that are not met by the contract that it advises.
- (3) If an *authorised firm* is instructed by a *retail customer* to obtain insurance that is contrary to the advice that the firm has given to the customer, the firm must obtain written confirmation of the customer's instructions before arranging or buying the insurance.

5.3.2 Non-investment insurance advice—know your customer

- (1) For rule 5.3.1 (1) (a) (Non-investment advice—general requirements), an *authorised firm* must—
 - (a) obtain from a *retail customer* the information about the customer's personal and financial circumstances and objectives that might reasonably be expected to be relevant; and
 - (b) explain to the customer the customer's duty to disclose all circumstances material to the *non-investment insurance contract* and the consequences of any failure to make a disclosure, both before the insurance starts and throughout the term of the contract.

- (2) If the *authorised firm* is aware that the *retail customer's* existing insurance cover is likely to significantly affect the suitability of any advice that the firm might make, the firm must either—
 - (a) not give advice to the customer until details of the insurance cover are made available to the firm; or
 - (b) if it gives advice—make clear to the customer that it may not be suitable because the firm has not taken into account full details of the customer's existing insurance cover.

5.3.3 Non-investment insurance advice—suitability and risk

- (1) For rule 5.3.1 (1) (b) (Non-investment insurance advice—general requirements), an *authorised firm* must ensure that the advice it gives to a *retail customer* is suitable for the customer having regard to—
 - (a) the information held by the firm; and
 - (b) any requirement of, or any other relevant facts about, the customer of which the firm is aware or ought reasonably to be aware.
- (2) In assessing whether a *non-investment insurance contract* is suitable to meet a *retail customer's* demands and needs, an *authorised firm* must take into account at least each of the following matters:
 - (a) whether the level of cover is sufficient for the risks that the customer wishes to insure;
 - (b) the cost of the contract, if this is relevant to the customer's demands and needs;
 - (c) the relevance of any exclusions, excesses, limitations or conditions in the contract.

5.3.4 Non-investment insurance advice—provision of suitability assessment

- (1) For rule 5.3.1 (1) (c) (Non-investment insurance advice—general requirements), the statement given by an *authorised firm* to a *retail customer* must include the following information:
 - (a) the customer's demands and needs;
 - (b) whether or not the firm has recommended a *non-investment insurance contract*;
 - (c) if applicable, an explanation of the reasons for recommending that contract.

- (2) The *authorised firm* must give the statement to the *retail customer* in writing before finalising the *non-investment insurance contract* with or for the customer.
- (3) However, the *authorised firm* may give the information required by subrule (1) to the *retail customer* orally if—
 - (a) the customer asks the firm to give the information orally; or
 - (b) the customer requires immediate cover.
- (4) If subrule (3) applies, the *authorised firm* must give the statement mentioned in subrule (1) to the *retail customer* in writing promptly after the *non-investment insurance contract* is finalised.
- (5) Also, if the *non-investment insurance contract* is finalised during a telephone call with the *retail customer*, the *authorised firm*—
 - (a) may give the information required by subrule (1) to the customer orally during the call; but
 - (b) must give the statement mentioned in that subrule to the customer in writing promptly after the call.

5.3.5 Non-investment insurance advice—recordkeeping

- (1) If an *authorised firm* gives advice to a *retail customer* about a *non-investment insurance contract*, the firm must make a record of the advice and keep it for at least 6 years after the day it gives the advice.
- (2) However, the *authorised firm* need not keep the record if the *retail customer* does not enter into a *non-investment insurance contract* after being given the advice.
- (3) An *authorised firm* must keep a copy of each written statement given to a *retail customer* under rule 5.3.4 for at least 6 years after the day it is given to the customer.

Part 5.4 Non-investment insurance— product disclosure

5.4.1 Non-investment insurance product disclosure— requirement

- (1) An *authorised firm* must, not later than a reasonable time before finalising a *non-investment insurance contract* with or for a *customer*, give to the *customer* sufficient information to enable the *customer* to make an informed decision about the contract being proposed.
- (2) If the *customer* is a *retail customer*—
 - (a) the information must include the information required by rule 5.4.3 (Non-investment product disclosure—content); and
 - (b) the *authorised firm* must draw the *customer's* attention to the importance of reading this information, and in particular the information on significant or unusual exclusions or limitations.
- (3) If an *authorised firm* finalises a *non-investment insurance contract* with or for a *customer*, the firm must, immediately after finalising the contract, give the *customer*, in a durable medium—
 - (a) a policy document containing all the terms of the contract; and
 - (b) information about the claims-handling process; and
 - (c) information about whether there is a right to cancel and, if there is a right to cancel, the consequences of exercising the right, and enough details to enable the right to be exercised by a *customer*.
- (4) If information required by another part of this chapter to be given to a *customer* duplicates information required to be given to the *customer* by this part, the information need not be given twice.
- (5) However, subrule (4) is subject to rule 5.4.2 (4).
- (6) To remove any doubt, this rule applies in relation to the initial finalisation of a *non-investment insurance contract* and the finalisation of each renewal of the contract.

5.4.2 Non-investment insurance product disclosure—form

- (1) An *authorised firm* must give the information required by rule 5.4.1 (1) and (2) to a *customer* in writing.

-
- (2) However, the *authorised firm* may give the information orally to the *customer* before the *customer* enters into the *non-investment insurance contract* if—
- (a) the *customer* asks the firm to give the information orally; or
 - (b) the *customer* requires immediate cover.
- (3) If subrule (2) applies, the *authorised firm* must give the information to the *customer* in writing promptly after the *customer* enters into the *non-investment insurance contract*.
- (4) If an *authorised firm* gives information required by rule 5.4.1 (1) and (2) to a *customer* in writing, the information must be—
- (a) set out in a separate document; or
 - (b) set out in a prominent place in another document, separate from the other content of that document and clearly identifiable as key information that the *customer* should read.

5.4.3 Non-investment insurance product disclosure—content

For rule 5.4.1 (2) (a) (Non-investment insurance product disclosure—requirement), the information given by an *authorised firm* to a *retail customer* must include the following information:

- (a) the name of the proposed insurer;
- (b) the type of insurance and cover proposed;
- (c) significant features and benefits of the proposed cover;
- (d) significant or unusual exclusions or limitations of the proposed cover;
- (e) if the information is being given to the customer in writing—where the exclusions or limitations mentioned in paragraph (d) are located in the policy document;
Note See r 5.4.1 (3) for the requirement to give a *customer* a policy document.
- (f) the term of the proposed contract;
- (g) if the proposed contract is for a term of longer than 1 year—a statement, if relevant, that the customer may need to review and update the cover periodically to ensure it remains adequate;
- (h) a telephone number or address to which a claim may be notified under the proposed contract;
- (i) the total amount of the premium for the proposed contract or, if the premium cannot be stated, how the customer can calculate the total amount;

- (j) if the proposed contract is for a term of longer than 1 year—details of the period for which the premium is valid, whether it will be reviewed at certain times or at the end of certain periods and, if so, when it will be reviewed;
- (k) fees and administrative charges (if any) payable by the customer in addition to the premium;
- (l) if the proposed contract is connected with the purchase of other goods and services—
 - (i) the premium for the proposed contract, separate from all other prices in relation to the other goods or services, if an additional price is charged; and
 - (ii) whether purchase of the proposed contract is a requirement of purchasing the other goods or services;
- (m) the total price to be paid by the customer for the proposed contract or, if an exact amount cannot be stated, how the customer can calculate the total amount;
- (n) the availability of the firm's internal complaint-handling procedures and how a complaint may be made to the firm;
- (o) the availability of the *customer dispute resolution* scheme;
- (p) whether there is a right to cancel and, if there is a right to cancel, the consequences of exercising the right, and enough details to enable the right to be exercised by a *customer*;
- (q) if the *non-investment insurance contract* is to be effected by a *person* other than an *authorised firm* (the *insurer*)—the following:
 - (i) a statement to the effect that the insurer is not authorised or regulated by the *Regulatory Authority*;
 - (ii) an explanation of any differences between the cancellation rights (if any) applying in relation to the contract (including the length of any period to exercise the rights) and those that would be provided under *COND* if the insurer were an *authorised firm*;
 - (iii) a warning to the effect that the claims handling procedures applying in relation to the contract may differ from those provided under *COND*;
- (r) a statement that the information mentioned in paragraphs (a) to (p) does not contain the full terms of the *non-investment insurance contract*, which can be found in the policy document.

Part 5.5 Non-investment insurance—post-contractual obligations

5.5.1 Non-investment insurance—renewals

- (1) This rule applies if an *authorised firm* has finalised a *non-investment insurance contract* with or for a *customer*.
- (2) The *authorised firm* must give the *customer* adequate advance notice of the end of the term of the contract to allow the *customer* sufficient time to consider whether continuing cover is required.
- (3) Subrule (2) does not apply to the *non-investment insurance contract* if—
 - (a) the contract is for a term of less than 1 *month*; or
 - (b) the contract terms provide for automatic renewal on the same terms; or
 - (c) the *authorised firm* has reason to believe that the *customer* does not wish to renew the policy or renew the policy through the firm; or
 - (d) the *authorised firm* has told the *customer* that it does not wish to act for the *customer* on renewal; or
 - (e) the *customer* has already been told that the insurer will not invite renewal; or
 - (f) the *customer* asks for an extension of the contract for a term of less than the term of the original contract.
- (4) If the *customer* is a *retail customer*, adequate notice is not less than 21 days before the day the term of the policy ends.
- (5) If the *customer* is a *retail customer*, the *authorised firm* must do 1 of the following before the start of the 21-day period mentioned in subrule (4):
 - (a) if the firm is willing to invite renewal of the policy—take reasonable steps to give the customer information about renewal terms in a durable medium in accordance with subrule (6);
 - (b) if the insurer is not willing to invite renewal—take reasonable steps to tell the customer;
 - (c) tell the customer that the firm no longer deals with the insurer.

- (6) For subrule (5), the *authorised firm* must give the following information to the *retail customer*:
- (a) a statement of any changes to the terms of the policy;
 - (b) an explanation of the changes, if necessary;
 - (c) the total amount of the premium for the policy or, if the premium cannot be stated, how the customer can calculate the total amount;
 - (d) whether there is a right to cancel and, if there is a right to cancel, the consequences of exercising this right, and enough details to enable the right to be exercised by a customer;
 - (e) a prominent statement of the customer's right to ask for a new policy document.

5.5.2 Non-investment insurance—mid-term changes

- (1) This rule applies if—
- (a) an *authorised firm* has finalised a *non-investment insurance contract* with or for a *customer*; and
 - (b) during the term of the contract either—
 - (i) the terms of the contract change (or are proposed to change); or
 - (ii) the premium or any other amount payable by the *customer* under the contract changes (or is proposed to change) otherwise than because of the operation of a formula previously disclosed to the *customer*.
- (2) The *authorised firm* must tell the *customer* about the change (or proposed change) in a durable medium.
- (3) The *authorised firm* must take reasonable steps to comply with subrule (2) not later than a reasonable time before the change takes effect.
- (4) If the *customer* is a *retail customer* and the change relates to the terms of the contract, the *authorised firm* must explain, in a durable medium, any implications of the change when telling the *customer* about the change.
- (5) If the change is being made at the *customer's* request, the *customer* is a *retail customer* and it is impracticable to explain the implications of the change in a durable medium before the change takes effect, the *authorised firm* must take reasonable steps to give the explanation orally to the customer before the change takes effect.

- (6) If the change is being made at the *customer's* request, the *authorised firm* must pay any amount owing to the *customer* under the policy to the *customer* without delay.

5.5.3 Non-investment insurance—claims handling by insurance intermediaries

- (1) An *authorised firm* must act with appropriate care, skill and diligence in acting for a *client* in relation to a claim on a *non-investment insurance contract*.
- (2) An *authorised firm* must not, in relation to a claim on a *non-investment insurance contract*—
- (a) put itself in a position where its own interest, or its duty to any *person* for whom it acts, conflicts with its duty to any *client*, unless—
 - (i) it made proper disclosure to the *client* of all information needed to put the *client* in a position where the *client* can give informed agreement to the arrangement; and
 - (ii) it has obtained the prior informed agreement of the *client*;
 - (b) decline to act for the *person* or *client* unless, in the particular circumstances of the case, disclosure and informed agreement are insufficient to reconcile the conflict.
- (3) If an *authorised firm* acts for an insurer and not a *client* in relation to a claim on a *non-investment insurance contract* that it arranged, the firm must tell the *client* that in relation to the claim, it is acting on behalf of the insurer, and not the *client*.

Guidance for r 5.5.3 (3)

Rule 5.5.3 (3) would apply, for example, if an *authorised firm* has delegated authority for claims handling and deals with a claim in relation to a contract that it sold to a *client*, but is not acting for the *client* in relation to the claim.

- (4) If an *authorised firm* is notified of a claim on a *non-investment insurance contract* that it arranged, and the insurer has not given it authority to deal with the claim, the firm must—
- (a) forward the notification to the insurer promptly; or
 - (b) tell the *client* immediately that it cannot deal with the notification.

Part 5.6 Non-investment insurance— miscellaneous

5.6.1 Non-investment insurance—excessive charges

An *authorised firm* must ensure that its charges to a *retail customer* made in relation to the conduct of *insurance mediation business* in relation to a *non-investment insurance contract* are not excessive.

5.6.2 Non-investment insurance—communication with joint policyholders

If a *contract of insurance* is effected jointly, the information required by any rule of this chapter may be given only to the *client* named first in the contract.

5.6.3 Non-investment insurance—group policies

- (1) This rule applies if an *authorised firm* finalises a *non-investment insurance contract* with or for a *customer* under which *persons* other than the *customer* can become policyholders (a *group policy*).
- (2) The *authorised firm* must, promptly after finalising the contract—
 - (a) give the *customer* a policy document for the contract that contains the terms of the contract; and
 - (b) tell the *customer* that the *customer* should tell each other policyholder that a copy of the policy document is available from the *customer* on request.
- (3) If the *customer* is a *retail customer* or a *person* who can become a policyholder could be a *retail customer*, the *authorised firm* must also, promptly after finalising the contract—
 - (a) give the *customer* a policy summary for the contract containing the information mentioned in rule 5.4.3 (Non-investment insurance product disclosure—content); and
 - (b) tell the *customer* that the *customer* should give a copy of the policy summary to each other policyholder who could be a *retail customer*; and
 - (c) if the contract replaces a previous group policy—tell the *customer* that the *customer* should also tell each other policyholder who could be a *retail customer* about any changes to the information in the policy summary.

Chapter 6 Conduct of insurance business

Part 6.1 Insurance business—general

6.1.1 Application—ch 6

This chapter applies to all *authorised firms* conducting *insurance business* in or from the *QFC*.

6.1.2 Application of ch 4 and ch 5—execution-only insurance transactions

- (1) If an *authorised firm* effects a *life policy* in an *execution-only transaction*, the firm must comply with the provisions of chapter 4 (Conduct of investment business) that apply in relation to *execution-only transactions* relating to *life policies* conducted by *authorised firms* conducting *investment business*.
- (2) If an *authorised firm* effects a *non-investment contract of insurance* in an *execution-only transaction*, the firm must comply with the provisions of chapter 5 (Conduct of non-investment insurance mediation business) that apply in relation to *execution-only transactions* relating to *non-investment contracts of insurance* conducted by *authorised firms* conducting *insurance mediation business*.

Part 6.2 Cancelling insurance contracts— retail customers

Division 6.2.A Cancelling life policies

6.2.1 New life policies—right to cancel

A *retail customer* has a right to cancel, in accordance with this division, a new *life policy* effected by an *authorised firm* that is an *insurer*.

Guidance for r 6.2.1

An *authorised firm* may voluntarily provide additional cancellation rights, or rights exercisable during a longer period than allowed under this division, but, if it does so, these should be on terms similar to those in this division.

6.2.2 Variations of life policies—right to cancel

- (1) A *retail customer* has a right to cancel, in accordance with this division, an existing *life policy* effected by an *authorised firm* that is an *insurer* if the policy is varied and the variation has the effect of—
 - (a) increasing regular premiums or payments, or a single premium or payment, by more than 25% on the original premium or payment (or the previous highest agreed premium or payment); or
 - (b) introducing fresh policy terms; or
 - (c) imposing on the customer additional or increased obligations under the policy; or
 - (d) reducing, or otherwise materially altering, the customer's benefits under the policy.
- (2) This rule does not apply to the variation of a *life policy* if—
 - (a) the variation is the result of a pre-selected option; or
 - (b) the variation arises out of the settlement of a claim for damages or compensation connected with a previous contract.

6.2.3 Life policies—when cancellation right can be exercised

- (1) A *retail customer* may exercise a cancellation right under this division in relation to a *life policy* effected by an *authorised firm* with the customer only during the cancellation period for the investment.

-
- (2) For a new *life policy*, the cancellation period—
- (a) starts on the later of the following:
- (i) if the *authorised firm* gives advice to the *retail customer* in relation to the *life policy*—the day the firm gives the customer the statement required by rule 4.3.1 (c) (Retail investment advice—general requirements) for the policy;
 - (ii) the day the *authorised firm* gives the *retail customer* a *product disclosure document* or disclosure documentation required by any of the following rules:
 - rule 4.2.4 (3) (Initial contact by telephone)
 - rule 4.3.11 (Product disclosure document—provision requirement);
 - (iii) if the *authorised firm* is required to give the *retail customer* a confirmation note by rule 4.4.1 (Confirmation notes—provision requirement) in relation to the policy—the day the firm gives the confirmation note to the customer;
 - (iv) the day the authorised firm gives the retail customer a policy document containing all the terms of the policy under rule 4.3.19 (Life policies—provision of policy document); and
- (b) ends at the end of 30 days after that day.
- (3) For an existing *life policy* that is varied, the cancellation period—
- (a) starts on the later of the following:
- (i) the day the *authorised firm* tells the *retail customer* that the variation has taken effect;
 - (ii) the day the *authorised firm* gives the *retail customer* a written copy of the variation;
 - (iii) the day the *authorised firm* gives the *retail customer* the *product disclosure document* or disclosure documentation required by rule 4.3.11 (Product disclosure document—provision requirement) for the variation; and
- (b) ends at the end of the 30 days after that day.

6.2.4 Life policies—exercising cancellation right

- (1) This rule applies if a *retail customer* has a right under this division to cancel a *life policy* effected by an *authorised firm* with the customer.

- (2) The *retail customer* may exercise the cancellation right by giving notice of the exercise of the right to the *authorised firm* in a durable medium.
- (3) Without limiting subrule (2), if the *retail customer* exercises the right in accordance with information given to the customer by the *authorised firm*, the customer is taken to have complied with the subrule.
- (4) The notice need not use any particular form of words and it is sufficient if the intention to exercise the right is reasonably clear from the notice or the notice and the surrounding circumstances.
- (5) The notice need not give reasons for the exercise of the right.
- (6) If the *retail customer* exercises the cancellation right by sending notice to the *authorised firm* at the address given to the customer by the firm for the exercise of the right and the notice is in a durable form accessible to the firm, the notice is taken to have been given to the firm when it is sent to the firm at that address.

6.2.5 Life policies—consequences of cancellation

- (1) This rule applies if a *retail customer* exercises a right under this division to cancel a *life policy* effected by an *authorised firm* with the customer.
- (2) The *life policy* is terminated.
- (3) For a new *life policy*, the *authorised firm* must pay the *retail customer* an amount equal to the total of the amounts paid by the customer in relation to the *life policy*.
- (4) The amount must be paid to the *retail customer* without delay and no later than 30 days after the day the cancellation right is exercised.
- (5) For a new *life policy*, the *retail customer* must, if required by the *authorised firm*, pay the firm an amount of no more than the total of—
 - (a) amounts received, and the value of property or services received, by the customer in relation to the *life policy*; and
 - (b) losses incurred by the firm because of market movements in relation to relevant contracts if the losses are incurred on or before the day the cancellation right is exercised.
- (6) Subrule (5) only applies if the *authorised firm* can demonstrate that the *retail customer* was under rule 4.3.11 (Product disclosure document—provision requirement), given details of the amount that the customer may be required to pay if the customer cancelled the contract.

- (7) However, subrule (5) (b) does not apply in relation to a contract established on a regular or recurring premium or payment basis.
- (8) An amount payable by the *retail customer* under subrule (5) must be paid to the *authorised firm* without delay and no later than 21 days after the day the customer receives written notice from the firm requiring payment of the amount.
- (9) For an existing *life policy*, the *authorised firm* must pay the *retail customer* an amount equal to the cash surrender value (if any) of the policy.
- (10) The amount must be paid to the *retail customer* without delay and no later than 30 days after the day the cancellation right is exercised.
- (11) Any amounts payable under this rule are simple contract debts and, for a new *life policy*, the amounts payable may be set off against each other.

Division 6.2.B Cancelling non-investment insurance contracts

6.2.6 Non-investment insurance contracts—right to cancel

- (1) A *retail customer* has a right, in accordance with this division, to cancel a *non-investment insurance contract* effected by an *authorised firm* that is an *insurer*.
- (2) This rule does not apply to the following contracts:
 - (a) a *non-investment insurance contract* that provides cover for less than 1 *month*;
 - (b) a *non-investment insurance contract* that has been fully performed by both parties at the *retail customer's* express request before the customer purports to exercise the right to cancel;
 - (c) a *non-investment insurance contract* that is a *pure protection contract* with a term of 6 *months* or less.
- (3) To remove any doubt, a *retail customer* has a right to cancel a *non-investment insurance contract* when the contract is initially entered into and on each renewal of the contract.

Guidance for r 6.2.6

- 1 An *authorised firm* may voluntarily provide additional cancellation rights, or rights exercisable during a longer period than allowed under this division, but, if it does so, these should be on terms similar to those in this division.

- 2 For rule 6.2.6 (2) (b)—
 - (a) a contract is not fully completed only because an event has happened that allows a claim to be made under the contract; and
 - (b) a contract is fully completed if a claim has been made that leads to the contract being terminated.
- 3 Cancellation under this part applies only during the initial period of cover. It does not refer to mid-term cancellation that an *authorised firm* may choose to offer its *customers*.
- 4 The cancellation rights described in this part apply to all renewals and not just those where there have been significant changes.
- 5 If rule 6.2.6 (2) applies and there is no cancellation right, the *authorised firm* should draw the *retail customer's* attention to this under rule 5.4.1 (2) (b).

6.2.7 Non-investment insurance contracts—when cancellation right can be exercised

- (1) A *retail customer* may exercise a cancellation right under this division in relation to a *non-investment insurance contract* only during the cancellation period for the contract.
- (2) For a *non-investment insurance contract* that is a *pure protection contract*, the cancellation period—
 - (a) starts on the day the *authorised firm* gives the *retail customer* the policy document and information required by rule 5.4.1 (3) (Non-investment insurance product disclosure—requirement) in a durable medium; and
 - (b) ends at the end of 30 days after that day.
- (3) For a *non-investment insurance contract* that is a *general insurance contract*, the cancellation period—
 - (a) starts on the day the *authorised firm* gives the *retail customer* the policy document and information required by rule 5.4.1 (3) in a durable medium; and
 - (b) ends at the end of 14 days after that day.
- (4) If a *non-investment insurance contract* is a mixed contract, that is, it has elements of both a *pure protection contract* and a *general insurance contract*, subrule (2) applies to the contract and subrule (3) does not apply to the contract.

6.2.8 Non-investment insurance contracts—exercising cancellation right

- (1) This rule applies if a *retail customer* has a right under this division to cancel a *non-investment insurance contract* effected by an *authorised firm*.
- (2) The *retail customer* may exercise the cancellation right by giving notice of the exercise of the right to—
 - (a) the *authorised firm*; or
 - (b) an *approved representative* of the firm; or
 - (c) any agent of the firm with authority to accept notice for the firm.
- (3) Without limiting subrule (2), if the *retail customer* exercises the right in accordance with information given to the customer in accordance with rule 5.4.1 (3) (c) (Non-investment insurance product disclosure—requirement), the customer is taken to have complied with the subrule.
- (4) The notice may be given orally.
- (5) The notice need not use any particular form of words and it is sufficient if the intention to exercise the right is reasonably clear from the notice or the notice and the surrounding circumstances.
- (6) The notice need not give reasons for the exercise of the right.
- (7) If the *retail customer* exercises the cancellation right by sending notice to the *authorised firm* at the address given to the customer by the firm for the exercise of the right and the notice is in a durable form accessible to the firm, the notice is taken to have been given to the firm when it is sent to the firm at that address.

6.2.9 Non-investment insurance contracts—consequences of cancellation

- (1) This rule applies if a *retail customer* exercises a right under this division to cancel a *non-investment insurance contract* effected by an *authorised firm*.
- (2) The insurance contract is terminated.
- (3) The *authorised firm* must pay to the *retail customer* an amount equal to the total of the amounts paid by the customer for the insurance contract.
- (4) The amount must be paid to the *retail customer* without delay and not later than 21 days after the day the cancellation right is exercised.

- (5) If the insurance contract is a *general insurance contract*, the *retail customer* must, if required by the *authorised firm*, pay the firm an amount of no more than the total of—
- (a) the value of the services the firm actually provided to the customer in relation to the insurance contract; and
 - (b) amounts received, and the value of property or services received, by the customer in relation to the insurance contract.
- (6) However, the *authorised firm* may only require the *retail customer* to pay an amount under subrule (5) if—
- (a) the performance of the insurance contract started before the end of the cancellation period at the customer's request; and
 - (b) the firm can demonstrate that the customer was, under rule 5.4.1 (Non-investment insurance product disclosure—requirement), given details of the amount that the customer may be required to pay if the customer cancelled the contract.
- (7) The *authorised firm* must not require the *retail customer* to pay an amount under subrule (5) that could be taken to be a penalty or that exceeds an amount calculated as follows:

$$AC + CC$$

- (8) In subrule (7):

AC means the total of the costs (other than costs for the cover provided under the insurance policy) actually incurred by the firm in relation to the insurance policy.

CC means the cost to the firm of the cover actually provided to the customer under the insurance policy.

Guidance for r 6.2.9 (7) and (8)

- 1 The amount calculated under rule 6.2.9 (7) may include—
 - (a) an amount for the cover provided; and
 - (b) a proportion of the *commission* paid to another *authorised firm* sufficient to cover that firm's costs; and
 - (c) a proportion of any fees charged by the *authorised firm* that, when totalled with any commission to be repaid, would be sufficient to cover the firm's costs.
- 2 The *Regulatory Authority* would expect the proportion of the insurance contract's exposure that relates to the time on risk to be a proportional apportionment. But, if there is material unevenness in the incidence of risk, the *insurer* could employ a more accurate method, which may result in a lower or higher charge to the *retail customer*.

-
- (9) An amount that the *authorised firm* requires the *retail customer* to pay under subrule (5) must not take into account or include an amount received, or the value of any property or services received, by the customer in relation to a claim under the insurance policy.
 - (10) An amount payable by the *retail customer* under subrule (5) must be paid to the *authorised firm* without delay and no later than 30 days after the day the customer receives written notice from the firm requiring payment of the amount.
 - (11) Any amounts payable under this rule are simple contract debts and may be set off against each other.

Division 6.2.C Cancelling insurance contracts— recordkeeping

6.2.10 Insurance contract cancellation—recordkeeping

- (1) An *authorised firm* must make appropriate records about the exercise of a right to cancel under division 6.2.A (Cancelling life policies) or division 6.2.B (Cancelling non-investment insurance contracts).
- (2) The records must be kept for at least 6 years after the day the right is exercised.

Part 6.3 Claims handling

6.3.1 Claims handling—general requirements

- (1) If an *authorised firm* handles insurance claims, it must handle claims fairly and promptly and keep the *client* informed of progress.
- (2) If an *authorised firm* effects an insurance contract with or for a *client*, it must give the *client* reasonable guidance in pursuing a claim under the policy.
- (3) If an *authorised firm* cannot deal with any part of a claim under an insurance contract it effected with or for a *client*, it must tell the *client* in writing.
- (4) An *authorised firm* that is an *insurer* must not—
 - (a) unreasonably reject a claim made by a *client*; nor
 - (b) except if there is evidence of fraud, refuse to meet a claim made by a *retail customer* on any of the following grounds:
 - (i) non-disclosure of a fact material to the risk that the customer could not reasonably be expected to have disclosed;
 - (ii) misrepresentation of a fact material to the risk, unless the misrepresentation is negligent or wilful;
 - (iii) for a *general insurance contract*—breach of warranty or condition, unless the circumstances of the claim are connected with the breach;
 - (iv) for a *non-investment insurance contract* that is a *pure protection contract*—breach of warranty, unless the circumstances of the claim are connected with the breach and—
 - (A) for a life of another contract—the warranty relates to a statement of fact about the life to be assured and that statement would have been grounds for rejection of a claim by the firm under paragraph (b) (i) or (ii) if it had been made by the life to be assured under an own life contract; or
 - (B) the warranty is material to the risk and was drawn to the attention of the customer before the conclusion of the contract.

- (5) To remove any doubt, and subject to any other law in force in the *QFC*, English law applies to the interpretation and application of subrule (4).

6.3.2 Claims handling—claims by retail customers

- (1) An *authorised firm* that is an *insurer* must respond promptly to a notification of a claim by a *retail customer*.

Guidance for r 6.3.2 (1)

Notification of a claim is a demand of the *authorised firm* to pay or provide a benefit insured under the policy. An inquiry that precedes such a demand, for example, about whether a particular loss is covered, and therefore whether a claim could be made under the terms of the policy, is not notification of a claim.

- (2) If the claim relates to a risk that is clearly outside the scope of the policy, the *authorised firm's* response to the *retail customer* must tell the customer this.
- (3) If the claim does not relate to a risk that is clearly outside the scope of the policy, the *authorised firm's* response to the *retail customer* must—
- (a) tell the customer about the action that will be taken by the firm in response to the claim, and when the action will be taken; and
 - (b) if the firm has appointed, or is to appoint, another *person* to contact the customer for the firm—include the following information, if known, for each *person* appointed or to be appointed:
 - (i) the *person's* name (unless the *person* trades under the firm's name);
 - (ii) the *person's* function;
 - (iii) the work the *person* is to carry out in relation to the claim.
- (4) However, the *authorised firm* need not include the information mentioned in subrule (3) (b) in the response if—
- (a) the purpose of the appointment is to investigate the validity of the claim; and
 - (b) including the information would limit or prevent the effective investigation of the claim or any part of it.
- (5) The *authorised firm's* response must—
- (a) be in a durable medium, unless the notification by the *retail customer* was made orally and the firm does not require the customer to complete a claim form; and

- (b) provide the customer with a claim form, if the firm requires a claim form to be completed.
- (6) The *authorised firm* must keep the *retail customer* reasonably informed about the progress of the claim.

Guidance for r 6.3.2 (6)

- 1 If the investigation of a claim is likely to be protracted, the *authorised firm* should give periodic progress or status reports, when appropriate, to the *retail customer*, including giving the customer any relevant update about the information given under rule 6.3.2 (3) (b).
 - 2 The *authorised firm* should also respond without excessive delay to any reasonable request by the *retail customer* for information.
- (7) The *authorised firm* must tell the *retail customer* as soon as practicable whether it—
 - (a) rejects all of the customer's claim; or
 - (b) rejects the customer's claim but, without prejudice to the rejection, makes an offer in compromise; or
 - (c) accepts all or part of the customer's claim.
 - (8) If the *authorised firm* rejects the claim, but without prejudice to the rejection makes an offer in compromise, it must tell the *retail customer* the terms of the offer as soon as practicable.
 - (9) If the *authorised firm* accepts all or part of the *retail customer's* claim, it must tell the customer as soon as practicable whether—
 - (a) for the parts it accepts—it agrees to provide the amount, property or service claimed by the customer in full; or
 - (b) it makes some other offer in compromise and, if so, the terms of its offer.
 - (10) Unless the *authorised firm* accepts the *retail customer's* claim in full, the firm must—
 - (a) explain why it rejects all or part of the customer's claim or makes a compromise offer, specifying any relevant term of the policy; and
 - (b) offer the customer the choice of receiving the information mentioned in paragraph (a) in a durable medium.
 - (11) The *authorised firm* must, in relation to each part of the claim that it accepts, tell the *retail customer* whether the claim will be settled by paying the customer, by paying another *person* to provide goods or services, or by providing goods or services.

- (12) If a claim, or a part of a claim, by a *retail customer* is to be settled, the *authorised firm* must settle the claim by the customer promptly.

Guidance for r 6.3.2 (12)

Settlement terms are agreed when the *authorised firm* accepts the *retail customer's* claim and the customer accepts the firm's offer of settlement.

6.3.3 Claims handling—long term care insurance contracts

- (1) If an *authorised firm* that is an *insurer* receives a claim under a *long term care insurance contract*, it must respond promptly by providing the policyholder, or the *person* acting for the policyholder, with—
- (a) a claim form, if it requires a claim form to be completed; and
 - (b) a summary of its claims-handling procedures; and
 - (c) appropriate information about the medical criteria that must be met and any waiting period that applies under the terms of the policy.
- (2) As soon as practicable after receiving the claim, the *authorised firm* must tell the policyholder, or the *person* acting for the policyholder—
- (a) for each part of the claim it accepts—whether the claim will be settled by paying the policyholder, paying another *person* to provide goods or services, or providing goods and services; and
 - (b) for each part of the claim it rejects—why the claim has been rejected and whether any future rights to claim exist.

6.3.4 Claims handling—recordkeeping

- (1) An *authorised firm* that is an *insurer* must make a record of the following information in relation to each claim made against a policy issued by it or handled by it:
- (a) details of the claim;
 - (b) the date the claim was settled or rejected;
 - (c) details of settlement or rejection, including information relevant to the basis for the settlement or rejection.
- (2) The *authorised firm* must keep the record for at least 3 years after the day the claim is settled or rejected.

Chapter 7 Conduct of deposit taking business

Part 7.1 Deposit taking business

7.1.1 Application—ch 7

Chapter 7 applies to all *authorised firms* conducting *deposit taking business* in or from the *QFC*.

Part 7.2 Terms of business for deposit taking—all customers

7.2.1 Terms of business for deposit taking business—general requirements

- (1) Before an *authorised firm* conducts *deposit taking business* with or for a *customer*, it must give the *customer* its *terms of business* for the *customer*.
- (2) This rule does not apply if the *deposit taking business* is carried on after the termination of the *terms of business* and the *authorised firm* is acting only for the purposes of fulfilling any obligations still outstanding under the *terms of business*.

7.2.2 Terms of business for deposit taking—contract

- (1) An *authorised firm* must ensure that its *terms of business* for a *customer* for *deposit taking business* contain, in adequate detail, the basis on which it will conduct *deposit taking business* with or for the *customer*.
- (2) Without limiting subrule (1), the *authorised firm* must ensure that the *terms of business* contain the information required by schedule 6 (Minimum content of terms of business—deposit taking business).
- (3) However, the *authorised firm* is not required to include information in the *terms of business* if the information is, by its nature, unavailable when the *terms of business* are given to the *customer*.
- (4) If information mentioned in subrule (3) becomes available after the *terms of business* are given to the *customer*, the *authorised firm* must give the information to the *customer* as soon as practicable after it becomes available to the firm.

7.2.3 Terms of business for deposit taking—multiple documents

An *authorised firm's terms of business* for a *customer* for *deposit taking business* may consist of 1 or more documents if it is made clear to the *customer* that collectively they make up the *terms of business*.

7.2.4 Terms of business for deposit taking—amendment

If the *terms of business* of an *authorised firm* for a *customer* for *deposit taking business* allow the firm to amend the *terms of business* without the *customer's* agreement, the firm must not conduct business with or for the *customer* on the basis of an amendment of the *terms of*

business unless the firm has given the *customer* written notice of the amendment—

- (a) at least 10 *business days* before the amendment is to take effect;
or
- (b) if it is impractical to give that notice—as early as is practicable.

7.2.5 Terms of business for deposit taking—recordkeeping

An *authorised firm* must keep a copy of a *terms of business* that it gives a *customer* under this part, and of each amendment of the *terms of business*, for at least 6 years after the day the firm ceases to conduct business with or for the *customer* under the *terms of business*.

Chapter 8 Customer dispute resolution scheme

8.1.1 Establishment of scheme

An independent body called the Interim Customer Dispute Resolution Scheme (the *customer dispute resolution scheme*) is established.

8.1.2 Functions of scheme

The functions of the *customer dispute resolution scheme* are—

- (a) to hear complaints made against *authorised firms* by their *clients* or *customers*; and
- (b) to require *authorised firms* to pay compensation to *clients* or *customers* whose complaints are upheld.

8.1.3 Procedures of scheme

- (1) The *Regulatory Authority* may publish, on the authority's web site, procedures for—
 - (a) referring a complaint to the *customer dispute resolution scheme*; and
 - (b) hearing a complaint referred to the scheme.
- (2) If no procedure is provided under subrule (1) for anything to be done in relation to the matters mentioned in subrule (1) (a) and (b), the *customer dispute resolution scheme* may decide the procedure to be followed.
- (3) However, procedures decided under subrule (2) must be simple, quick and fair.

8.1.4 Natural justice

The *customer dispute resolution scheme* must observe natural justice.

8.1.5 Members of scheme

- (1) The *customer dispute resolution scheme* consists of the members, from time to time, appointed by the *Regulatory Authority*.

 - (b) adequately summarises any basis of valuation or methodology used—
 - (i) to evaluate a *security*, a *derivative* or *issuer of securities*; or
 - (ii) to set a price target for a *security* or *derivative*; and
 - (c) adequately explains the meaning of—
 - (i) any recommendation made (for example, ‘buy’ ‘sell’ or ‘hold’) and the time horizon applying to the recommendation; and
 - (ii) any risk warnings, including any sensitivity analysis of relevant assumptions; and
 - (d) refers to—

- (2) If the substance of the *research recommendation* (the **later recommendation**) differs from the substance of an earlier *research recommendation* that was about the same *security*, *derivative* or *issuer*

and was issued during the 12-month period before the day of dissemination of the later recommendation, the later recommendation must clearly and prominently indicate the difference and the date of the earlier *research recommendation*.

- (3) If the requirements of subrule (1)(a), (b) or (c) would be disproportionate in relation to the length of the *research recommendation*, the *authorised firm* may, instead of complying with the requirements, make clear and prominent reference in the *research recommendation* to the place where the required information can be directly and easily accessed by the public (for example, by a hyperlink to the information on an appropriate internet site of the firm) if there has been no change in the methodology or basis of valuation used.
- (4) The requirements of subrule (1)(a) do not apply in relation to a non-written *research recommendation* to the extent that they would be disproportionate in relation to the length of the *research recommendation*.

S4.2 Investment research recommendation—general standards for disclosure of interests etc

- (1) An *authorised firm* must disclose, in a *research recommendation* produced by it—
 - (a) all of its relationships and circumstances that may reasonably be expected to impair the objectivity of the *research recommendation*, in particular any significant financial interest in a *relevant investment* that is the subject of the *research recommendation*, or a significant conflict of interest in relation to an *issuer* of relevant *securities*; and
 - (b) relationships and circumstances, of the kind mentioned in paragraph (a), of each *person* working for the firm who was involved in preparing the substance of the *research recommendation*, including whether the *person's* remuneration is tied to investment banking transactions performed by the firm or any affiliated company.
- (2) If the *authorised firm* is a legal person, the information disclosed must include the following:
 - (a) any interests or conflicts of interest of the firm or any *related* entity that are accessible, or reasonably expected to be accessible, to the *persons* involved in the preparation of the substance of the *research recommendation*;

Rule 11TS4.311T

- (b) any interests or conflicts of interest of the firm or any *related* entity known to *persons* who, although not involved in the preparation of the substance of the *research recommendation*, had or could reasonably be expected to have access to the substance of the *research recommendation* before its dissemination, other than *persons* whose only access to the *research recommendation* was to ensure compliance with relevant regulatory or statutory obligations, including the disclosures required under this schedule.
- (3) If the disclosures required by subrules (1) and (2) would be disproportionate in relation to the length of the *research recommendation*, the *authorised firm* may, instead of complying with the requirements of the subrules, make clear and prominent reference in the *research recommendation* to the place where the required disclosures can be directly and easily accessed by the public (for example, by a hyperlink to the information on an appropriate internet site of the firm).
- (4) The requirements of subrules (1) and (2) do not apply in relation to a non-written *research recommendation* to the extent that they are disproportionate in relation to the length of the *research recommendation*.

 - (ii) shareholdings exceeding 5% of the total issued share capital of the firm or any *related person* that are held by the relevant issuer;

- (b) any other financial interests held by the firm or any *related person* in relation to the relevant issuer that are significant in relation to the *research recommendation*;
 - (c) if applicable, a statement that the firm or any *related person* is a market maker or liquidity provider in the *securities* of the relevant issuer or in any related *derivatives*;

- (a) disclosure of the statement would involve the disclosure of confidential information; and
 - (b) the agreement has been in force for at least 12 *months* or has given rise during that period to a payment or to the promise of payment.
- (4) The *authorised firm* must disclose, in general terms, in the *research recommendation* the effective organisational and administrative arrangements set up within the firm to prevent and deal with conflicts of interest in relation to *research recommendations*, including information barriers.
- (5) If a *person* working for the *authorised firm* who is involved in the preparation of the *research recommendation* receives or buys *shares* of the relevant issuer before a public offering of the *shares*, the price at which the *shares* were acquired and the date of acquisition must be disclosed in the *research recommendation*.
- (6) The *authorised firm* must publish the following information on a quarterly basis, and must disclose it in its *research recommendation*:

Rule 11TS4.411T

- (b) the proportion of *relevant investments* in each of these categories issued by *issuers* to which the firm supplied material investment banking services during the last 12 *months*.
- (7) If the disclosures required by subrules (2) to (6) would be disproportionate in relation to the length of the *research recommendation*, the *authorised firm* may, instead of complying with the requirements of the subrules, make clear and prominent reference in the *research recommendation* to the place where the required information can be directly and easily accessed by the public (for example, by a hyperlink to the information on an appropriate internet site of the firm).
- (8) The requirements of subrules (2) to (6) do not apply in relation to a non-written research recommendation to the extent that they are disproportionate in relation to the length of the *research recommendation*.

 - (b) if the change consists of a change of the direction of the recommendation (for example, changing a ‘buy’ recommendation into a ‘hold’ or ‘sell’ recommendation), the requirements of S4.3 (Investment research recommendation—additional requirements for disclosure of interests) are complied with by the firm, to the extent of the substantial change, as if the firm were the producer of the *research recommendation*; and
 - (c) it has a formal written policy under which the *persons* receiving the *research recommendation* may be directed to where they can have access to the identity of the producer of the *research recommendation*, the *research recommendation* itself, and the

- (2) Subrule (1) does not apply in relation to news reporting on *research recommendations* produced by a third party if the substance of the *research recommendation* is not changed.
- (3) If an *authorised firm* disseminates a summary of a *research recommendation* produced by a third party, it must ensure that the summary—
 - (a) is fair, clear and not misleading; and
 - (b) identifies the source *research recommendation*; and
 - (c) identifies where (to the extent that they are publicly available) the third party's disclosures relating to the source *research recommendation* can be directly and easily accessed by the public (for example, by a hyperlink to the information on an appropriate internet site of the firm).
