Chapter 1 General provisions

Part 1.1 Introductory

1.1.1 Name of rules

These rules are the *General Rules 2005* (or GENE).

1.1.2 Glossary

The glossary at the end of these rules is part of these rules.

Note 1 There are also relevant definitions in the INAP glossary. If a term defined in INAP is used in these rules, the appearance of the term in these rules is normally in italics (but not in bold italics).

Note 2 For the application of definitions, see INAP, r 2.1.8 (Application of definitions).

Note 3 A note in or to these rules is explanatory and is not part of the rules (see INAP, r 2.1.6 (1) and r 2.1.7). However, examples and guidance are part of these rules (see INAP, r 2.1.4 (1) (b) and (2)).

Note 4 An example is not exhaustive, and may extend, but does not limit, the meaning of these rules or the particular provision of these rules to which it relates (see INAP, r 2.1.5).

Note 5 Under FSR, art 17 (4), guidance is indicative of the view of the Regulatory Authority at the time and in the circumstances in which it was given.

1.1.3 Application of GENE

These rules apply to—

- (a) an authorised firm operating, or applying to operate, in or from the QFC; and
- (b) an individual approved, or applying for approval, to exercise a controlled function.

Part 1.2 Principles relating to the conduct, operation and financial standing of authorised firms

1.2.1 Application of the principles

- (1) The principles in this Part apply to an authorised firm in relation to its conduct of regulated activities in or from the QFC.
- (2) The principles also apply to the activities of such a firm carried on outside the QFC, if the activities relate to regulated activities carried on by the firm in or from the QFC and are capable of having an effect on:
 - (a) confidence in the financial system operating in or from the QFC;
 - (b) the firm's ability to comply with the Regulatory Authority's requirements as to financial resources; or
 - (c) the firm's fitness and propriety.
- (3) When the Regulatory Authority is considering the fitness and propriety of an authorised firm, it may take into account whether or not the other members of its group act in accordance with the principles in this Part.

1.2.2 Principle 1—integrity

An authorised firm must observe high standards of integrity in the conduct of its business.

1.2.3 Principle 2—skill, care and diligence

An authorised firm must act with due skill, care and diligence in the conduct of its business.

1.2.4 Principle 3—management

An authorised firm must ensure that its affairs are managed effectively by its senior management.

1.2.5 Principle 4—systems and controls

An authorised firm must have effective systems and controls, including risk management systems and adequate human and technological resources.

1.2.6 Principle 5—financial prudence

An authorised firm must maintain adequate financial resources.

1.2.7 Principle 6—market conduct

An authorised firm must observe proper standards of market conduct.

1.2.8 Principle 7—regard to customers' interests

An authorised firm must have due regard to its customers' interests and must treat them fairly.

1.2.9 Principle 8—communications with clients

An authorised firm must pay due regard to the information needs of its clients, and must communicate information to them in a way that is clear, fair and not misleading.

1.2.10 Principle 9—conflicts of interest

An authorised firm must manage conflicts of interest fairly, both between itself and its customers and between 1 customer and another, and must organise its affairs in such a way that conflicts can be identified.

1.2.11 Principle 10—relationship of trust

An authorised firm must faithfully discharge a responsibility of trust toward a customer. In doing so it must take reasonable care to

ensure the suitability of its advice and discretionary decisions for a customer who is entitled to rely upon the firm's judgment.

1.2.12 Principle 11—customers' assets

An authorised firm must arrange adequate protections for its customers' assets when it is responsible for them in accordance with the responsibility it has accepted.

1.2.13 Principle 12—confidentiality

An authorised firm must ensure that information of a confidential nature received in the course of dealings with its customers is treated in an appropriate manner.

1.2.14 Principle 13—relations with regulators

An authorised firm must deal with all relevant regulators in an open and cooperative manner and must keep the Regulatory Authority promptly informed of anything relating to the firm of which the authority would reasonably expect notice.

Guidance

- 1 The principles in this Part are drawn up in accordance with FSR, article 15 (3), and are part of these rules.
- 2 The principles are a general statement of the standards expected of authorised firms. They apply directly to the conduct of business, and the operation and financial standing, of authorised firms.
- 3 The principles are not exhaustive of the standards expected. Complying with the principles does not absolve an authorised firm from failing to observe other requirements in these rules, and observing other requirements in these rules is not necessarily complying with the principles.
- 4 An authorised firm's failure to comply adequately with the principles is likely to affect the Regulatory Authority's assessment of the firm's fitness and propriety. A breach of the principles could form the basis of action by the authority.

2 Fitness and Propriety

2.1 Application

2.1.1 This chapter applies to an *applicant* and an authorised firm.

Guidance

1. FSR, article 29 provides the Regulatory Authority with the power to make *Rules* setting out the criteria which an *applicant* must satisfy before authorisation can be granted. FSR states that such criteria shall include the fitness and propriety, legal form, resources, systems and controls and location of offices of an *applicant*.
2. The purpose of fitness and propriety criteria is to set out the minimum criteria that a person must meet for it to become and remain *Authorised*. It also enables the Regulatory Authority to ensure that its regulation of authorised firms is not impeded as a result of:
 - a. the authorised firm's group structure or internal administration;
 - b. any other laws, regulations or administrative provisions of another jurisdiction to which the authorised firm is subject; or
 - c. an inability or unwillingness to comply, on an ongoing basis with the requirements imposed by the *Regulatory System*.
3. The fitness and propriety criteria summarises some of the areas that the Regulatory Authority will consider during the assessment of an *applicant* for authorisation. Also, as part of its supervisory approach, the Regulatory Authority will monitor whether an authorised firm continues to meet the fitness and propriety requirements. Under article 31, the Regulatory Authority may impose conditions or withdraw the authorised firm's authorisation if it fails to satisfy the criteria in article 29.

2.2 General Provisions

2.2.1 Under FSR, article 29, in order to become and remain an authorised firm, a person must be able to demonstrate to the Regulatory Authority's satisfaction both initially and on an ongoing basis that it satisfies the fitness and propriety criteria outlined in this chapter.

2.3 Fitness and Propriety

2.3.1 In considering the fitness and propriety of an *applicant* or authorised firm, the Regulatory Authority will consider:

Controllers

- (A) the *applicant's* or authorised firm's connection with its controllers as outlined in FSR and chapter 8;

Close Links and other Connections

- (B) the *applicant's* or authorised firm's *close links* with another person or connection with any other person including any person appearing to be, or likely to be in a contractual relationship with the *applicant* or authorised firm;

Regulated Activities

- (C) the nature of the regulated activities concerned;

Prudence

- (D) whether the *applicant's* or authorised firm's affairs will be or are conducted and managed in a sound and prudent manner;

The Location of Offices

- (E) the location and jurisdiction of the *applicant* or authorised firm's head office and registered office and the location and jurisdiction of its parent entity;

Legal Form

- (F) the legal form that the *applicant* intends to adopt in light of the location of its offices and of the regulated activities concerned; and

Other Matters contained in Appendix 1

- (G) any other relevant matters including those contained in Appendix 1.

2.4 Other Authorisation Requirements

2.4.1 If the application is in respect of any of the following regulated activities:

- (A) *Effecting Contracts of Insurance*;
- (B) *Carrying Out Contracts of Insurance*; or
- (C) *Deposit Taking*

the *applicant* must be a body corporate.

2.4.2 Applicant for authorisation must be incorporated etc in QFC

An application for authorisation may be granted only if the applicant is—

- (a) a limited liability company incorporated under the *Companies Regulations 2005*; or
- (b) a limited liability partnership incorporated under the *Limited Liability Partnerships Regulations 2005*; or
- (c) a partnership formed (including a limited partnership incorporated) under the *Partnership Regulations 2007*; or

- (7) The person must comply with a requirement under subrule (6).

5.1.2 Communications to Regulatory Authority must generally be in English

- (1) This rule applies if a person is required or permitted under any *Law*, *Regulations* or *Rules* to give any information (however described), or make another communication, to the Regulatory Authority.

Examples of application of rule

See examples of application of rule 5.1.1.

-
- (2) The person must give the information, or make the other communication, to the Regulatory Authority in English unless—
- (a) the information or communication is required or permitted under any *Law, Regulations* or *Rules* to be given or made to it in another language; or
 - (b) the authority, whether under this subrule or otherwise, requires or permits the person to give the information, or make the communication, to it in another language.

Note See esp r 5.1.3 (Giving documents to Regulatory Authority—general requirements) and r 5.4.1 (Electronic submission system).

- (3) A requirement or permission under subrule (2) (b) may be imposed or given either—
- (a) generally or otherwise by *written* notice published on an *approved website*; or
 - (b) by notice given to a person in relation to the giving of particular information, or the making of a particular communication, to the Regulatory Authority by the person.
- (4) A permission under subrule (2) (b) may be given subject to conditions.
- (5) If a person gives the information, or makes the other communication to the Regulatory Authority, in contravention of—
- (a) this rule; or
 - (b) a requirement made under this rule; or
 - (c) a condition of a permission given under this rule;

then, for the purpose of satisfying any requirement to give the information or make the other communication to the authority, the person is taken not to have given the information or made the other communication to the authority.

- (6) Without limiting subrule (5) and any other remedies available to the Regulatory Authority in relation to that contravention, the authority may require the person to give the information or make the
-

communication to it in accordance with this rule (including any requirement or condition under this rule) within a stated time.

- (7) The person must comply with the requirement under subrule (6).

5.1.3 Giving documents to Regulatory Authority—general requirements

- (1) This rule applies if a person is required or permitted under any *Law, Regulations* or *Rules* to give a document (however described) to the Regulatory Authority, whether the word ‘give’, ‘lodge’, ‘serve’, ‘tell’ or some other word is used.

Note A ‘document’ includes anything in writing (see INAP, glossary, def *document*).

- (2) To remove any doubt, this rule applies in relation to a document (including a document in electronic form) if it includes or contains information (however described), or another communication, that a person is required or permitted under any *Law, Regulations* or *Rules* to give or make to the authority.

Example

See examples of application of rule 5.1.1.

- (3) The Regulatory Authority may, by written notice published on an *approved website*—
- (a) prescribe requirements (including requirements mentioned in subrule (4)) that must be complied with in relation to the giving of a document to the authority (the *lodgement requirements*); and
- (b) provide that stated requirements applying to the document under any *Rules* are taken to be satisfied if the lodgement requirements are satisfied in relation to the document.

Examples of requirements for par (b)

- 1 a requirement that information be given to the authority in writing
- 2 a requirement that a document be signed by a particular person or in a particular way

-
- 3 a requirement that a document or information in a document be verified in a particular way
- (4) Without limiting subrule (3) (a), a notice under that provision may—
- (a) require a document to be given to the Regulatory Authority in a stated way or form; or
 - (b) require a stated person or persons to sign the document; or
 - (c) require a person who is required or permitted to sign a document to sign and keep the signed document and to give a copy of the signed document in any form (including electronic form) to the Regulatory Authority; or
 - (d) require a person who is required or permitted to sign a document, to give a declaration or certificate (however described) in or with a document, or to verify (however described) a document or any information in or with a document, to take stated steps—
 - (i) to confirm his or her identity; or
 - (ii) to indicate the person's agreement to, and acceptance of responsibility for the accuracy and completeness (however described) of, the document, information in the document, or any other document (or information in any other document); or
 - (e) prescribe consequential or ancillary requirements in relation to the document or the giving of the document to the authority.
- (5) The Regulatory Authority may permit a person to give a document to the authority even though a lodgement requirement has not (or may not have) been complied with in relation to the document.
- (6) A permission under subrule (5) may be given subject to conditions.

-
- (7) If a person gives a document to the Regulatory Authority in contravention of—
- (a) a lodgement requirement (and without a permission under subrule (5)); or
 - (b) a condition of a permission given under that subrule;
- then, for the purpose of satisfying any requirement to give the document to the authority, the person is taken not to have given the document to the authority.
- (8) Without limiting subrule (7) and any other remedies available to the Regulatory Authority in relation to that contravention, the authority may require the person to give the document to the authority in accordance with any requirement or condition under this rule within a stated time.
- (9) The person must comply with the requirement under subrule (8).

5.1.4 Time documents are taken to have been given to Regulatory Authority

- (1) If a document (however described) is given to the Regulatory Authority on a working day before the start of or during ordinary business hours on that day, the document is taken, for any *Rules*, to have been given to the authority on that day.
- (2) If a document (however described) is given to the Regulatory Authority on a day that is not a working day or on a working day after ordinary business hours on that day, the document is taken, for any *Rules*, to have been given to the authority on the next working day.
- (3) For this chapter, the Regulatory Authority may, by *written* notice published on an *approved website*, declare—
- (a) that a stated day is or is not a working day; or
 - (b) that stated times on a day are ordinary business hours on that day.

-
- (4) Subject to any notice made under subrule (3), in this rule:
ordinary business hours, on a day, means between 8 am and 5 pm on that day.
working day means a business day.

5.1.5 Due date for periodic reports, returns and other documents

- (1) If—
- (a) an authorised firm is required under any *Rules* to give a report, return or other document (however described) to the Regulatory Authority periodically; and
 - (b) the firm would, apart from this rule, be required to give a particular report, return or other document of that kind to the authority on a day that is not a working day;

the firm may give the report, return or other document to the authority on the next working day.

Note Schedule 2 provides an overview of the provisions of *Rules* under which there are periodic reporting requirements.

- (2) The Regulatory Authority may, by *written* notice published on an *approved website*, declare that a report, return or other document (however described) is a report, return or other document to which this rule applies.
- (3) Subject to any notice made under rule 5.1.4 (3) (a) (Time documents are taken to have been given to Regulatory Authority), in this rule:
working day means a business day.

5.2 Communications to Regulatory Authority—accuracy and completeness of information

5.2.1 Authorised firms must ensure accuracy and completeness of information given to Regulatory Authority etc

- (1) An authorised firm or other person must take all reasonable steps to ensure that all information that the person gives to the Regulatory Authority under any *Law, Regulations* or *Rules* is—
 - (a) factually accurate or, for an estimate or judgment, fairly and properly based after appropriate inquiries have been made; and
 - (b) complete, in that it includes everything that the authority would reasonably expect to be told about.
- (2) Without limiting subrule (1), the authorised firm or other person must take particular care to ensure that information that the person gives to the Regulatory Authority—
 - (a) is not false or misleading; and
 - (b) does not omit anything without which the information is false or misleading.
- (3) If the authorised firm or other person becomes aware that, or becomes aware of information that suggests (or may reasonably suggest) that, information given (or that may have been given) by it to the Regulatory Authority—
 - (a) was (or may have been) factually inaccurate or, for an estimate or judgment, not fairly or properly based after appropriate inquiries had been made; or

-
- (b) was (or may have been) incomplete, in that it did not (or may not) include something that the authority would reasonably expect to be told about; or
 - (c) was (or may have been) false or misleading; or
 - (d) omitted (or may have omitted) something without which the information was (or may have been) false or misleading; or
 - (e) was (or may have been) otherwise inaccurate or incomplete; or
 - (f) is no longer (or may no longer be) accurate and complete for any reason;

the person must tell the authority about the matter immediately, but within 1 business day.

Examples

See examples to rule 4.1.3 (1) on the meaning of ‘within 1 business day’.

- (4) Without limiting subrule (3), the notification under that subrule must—
 - (a) identify—
 - (i) the information given (or that may have been given) by the authorised firm or other person to the Regulatory Authority; and
 - (ii) the particulars in which—
 - (A) it was (or may have been) inaccurate or incomplete; or
 - (B) it is (or may) now be inaccurate or incomplete; and
 - (b) explain why those particulars of the information were (or may have been) given to the authority; and
 - (c) provide the correct and complete, or correct and complete up-to-date, information.

-
- (5) An authorised firm must—
- (a) have adequate and appropriate policies, procedures, systems and controls to ensure that it can comply, and does comply, with this rule; and
 - (b) make and keep the records necessary to show how it complied with this rule in relation to all information (however described) given by it to the Regulatory Authority.
- (6) A person (other than an authorised firm, but including a person acting on behalf of an authorised firm) who gives information (however described) to the Regulatory Authority under any *Law*, *Regulations* or *Rules* must make and keep the records necessary to show how the person complied with this rule in relation to the information.
- (7) For this rule and without limiting the persons who may give information to the Regulatory Authority on behalf of an authorised firm, any information given to the authority by an approved individual or director of the firm is taken to have been given to the authority by the firm.
- (8) This rule is additional to, and does not limit, any other *provision* of these rules or any other *Rules* (including CTRL).

5.2.2 Powers of Regulatory Authority in relation to inaccurate or incomplete information

- (1) This rule applies if the Regulatory Authority considers that information (however described) given to it by an authorised firm or another person under any *Law*, *Regulations* or *Rules*—
- (a) is (or may be) factually inaccurate or, for an estimate or judgment, not fairly or properly based after appropriate inquiries had been made; or
 - (b) is (or may be) incomplete, in that it does not (or may not) include something that the authority would reasonably expect to be told about; or

-
- (c) is (or may be) false or misleading; or
 - (d) omitted (or may have omitted) something without which the information is (or may be) false or misleading; or
 - (e) is otherwise (or may otherwise be) inaccurate or incomplete; or
 - (f) is no longer (or may no longer be) accurate and complete for any reason.
- (2) The Regulatory Authority may, by *written* notice given to the authorised firm or other person, require the person to do all or any of the following within the period stated in the notice:
- (a) give the authority an explanation or further information;
 - (b) provide the correct and complete, or correct and complete up-to-date, information;
 - (c) if the information is included in an application, report, return or other document (however described) all or any of the following:
 - (i) amend the document;
 - (ii) withdraw the document;
 - (iii) give the authority a replacement document;
 - (d) do anything else in relation to the information, or a document that includes the information, that the authority considers necessary or desirable for the *exercise* of its functions;
 - (e) comply with the authority's directions in doing anything mentioned in paragraphs (a) to (d).
- (3) The authorised firm or other person must comply with a requirement under subrule (2).
- (4) To remove any doubt, the Regulatory Authority may give the authorised firm or other person 2 or more notices under subrule (2).
- (5) The power given by this rule is additional to the Regulatory Authority's other powers.

Note See eg FSR, art 48 (Power to obtain documents and information).

-
- (6) This rule does not limit any other action that the Regulatory Authority may take against the authorised firm or other person (or anyone else) in relation to the giving of the information to the authority.

Note See eg FSR, pt 9 (Disciplinary and enforcement powers).

5.3 Approved forms

5.3.1 Approval of forms etc

- (1) The Regulatory Authority may—
 - (a) approve forms for any purpose under or related to any *Law, Regulations or Rules*; and
 - (b) give instructions for the completion of approved forms.
- (2) To remove any doubt, instructions for the completion of an approved form may be given under subrule (1) (b) in the form itself or in a separate document.
- (3) Forms approved, and instructions given, under subrule (1) must be published on an *approved website*.

5.3.2 Approved forms to be used and properly completed

- (1) If a form is approved under rule 5.3.1 for a particular purpose, a person must—
 - (a) use the form for that purpose unless the Regulatory Authority permits the person not to use the form for the purpose; and
 - (b) properly complete the form in accordance with rule 5.3.3.
- (2) If the person does not use the form for that purpose or does not properly complete the form in accordance with rule 5.3.3, the purpose is taken not to be satisfied.

Example

If a person makes an application to the Regulatory Authority but does not use the form approved under rule 5.3.1 for the application, or uses the form but does not properly complete it in accordance with rule 5.3.3, the authority may treat the application as having not been made to it and accordingly refuse to consider it.

- (3) A permission under subrule (1) (a) may be given subject to conditions.

-
- (4) Without limiting subrule (2), if—
- (a) a person is required or permitted under any *Law, Regulations* or *Rules* to give an application, report, return or other document (however described) to the Regulatory Authority; and
 - (b) a form is approved under rule 5.3.1 for the document; and
 - (c) the person gives the document to the authority; but
 - (d) any of the following applies:
 - (i) the person does not use the approved form (and does not have a permission under subrule (1) (a)); or
 - (ii) the person does not properly complete the form in accordance rule 5.3.3; or
 - (iii) a permission under subrule (1) (a) applies, but the person contravenes a condition of the permission;

then, for the purpose of satisfying any requirement to give the document to the authority, the person is taken not to have given the document to the authority unless the authority waives the requirement.

- (5) Without limiting subrule (4) and any other remedies available to the Regulatory Authority in relation to the contravention of subrule (1), the authority may require the person to give the document to the authority within a stated time using, and properly completing, the approved form.
- (6) The person must comply with the requirement under subrule (5).

5.3.3 Proper completion of approved forms

- (1) This rule applies if a form approved by the Regulatory Authority under rule 5.3.1, or instructions given by the Regulatory Authority under that rule in relation to a form approved by the authority, require—
 - (a) the form to be signed, signed in a stated way or signed by a stated person or persons; or
 - (b) the form to be prepared in a stated way (for example, on paper of a stated size or quality or in a stated electronic form); or
 - (c) the form to be completed in a stated way; or
 - (d) stated information to be included in the form, or in a stated document to be attached to or given with the form; or
 - (e) a stated document to be attached to or given with the form; or
 - (f) the form, information or a document to be verified in a stated way (for example, by a declaration or certificate); or
 - (g) another requirement to be satisfied.
- (2) The form is properly completed only if the requirement is complied with unless the Regulatory Authority waives the non-compliance.
- (3) Without limiting subrule (2), if the form is required to be signed by 2 or more persons, the requirement is not complied with (and the form is not properly completed) if the form is not signed by each of those persons.
- (4) Without limiting subrule (2), if stated information is required to be included in the form, or in a stated document to be attached to or given with the form, the requirement is not complied with (and the form is not properly completed) if —
 - (a) the information is not included in the form or document at all;
or

-
- (b) the information that is included—
 - (i) is factually inaccurate in a material particular or, for an estimate or judgment, not fairly or properly based after appropriate inquiries have been made; or
 - (ii) is incomplete in a material particular; or
 - (iii) is false or misleading in a material particular; or
 - (iv) omits something without which the information is false or misleading in a material particular; or
 - (v) otherwise inaccurate or incomplete in a material particular.
 - (5) Without limiting subrule (2), if a stated document is required to be attached to or given with the form, the requirement is not complied with (and the form is not properly completed) if—
 - (a) the document is not attached to or given with the form at all; or
 - (b) the document is attached to or given with the form but—
 - (i) the document itself is false or misleading in a material particular; or
 - (ii) the document includes information of a kind mentioned in subrule (4) (b) (i) to (v).
 - (6) A decision by the Regulatory Authority under subrule (2) to waive non-compliance with a requirement may be made subject to conditions.
 - (7) If a condition is contravened, the requirement is not complied with (and the form is not properly completed).

5.3.4 Transitional provisions—approved forms and instructions

- (1) If—
 - (a) a form was, before the commencement of this rule, approved (however described) by the Regulatory Authority for any purpose under or related to any *Law, Regulations or Rules*; and
 - (b) the approval was in force immediately before that commencement;then, on that commencement, the form is taken to have been approved by the authority under rule 5.3.1 (1) for that purpose.
- (2) If—
 - (a) instructions (however described) for the completion of a form mentioned in subrule (1) were, before the commencement of this rule, given (however described) by the Regulatory Authority; and
 - (b) the instructions were in force immediately before that commencement;then, on that commencement, the instructions are taken to have been given by the authority under rule 5.3.1 (1).
- (3) If, before the commencement of this rule, the form or instructions had been published in any way by the Regulatory Authority, then, despite rule 5.3.1 (3), the form or instructions need not be published after the commencement of this rule on an *approved website*.
- (4) If this rule is in force immediately before 1 July 2011, then, on that date—
 - (a) this rule is taken to have been omitted; and
 - (b) any form or instructions to which it applied that are still in force are taken to have been revoked.

5.4 Electronic submission system

5.4.1 Electronic submission system

- (1) The Regulatory Authority may establish a system (the *electronic submission system*) to enable authorised firms and other persons to communicate to it electronically and, in particular, to give it documents and information in electronic form that can be reproduced by it in legible form.
- (2) The Regulatory Authority may, by *written* notice published on an *approved website*—
 - (a) require or permit authorised firms and other persons (each of which is a *permitted user*) to make stated communications to it using the electronic submission system; and
 - (b) require stated communications to the authority on behalf of a permitted user to be submitted by a stated person or persons; and

Example of requirement

If the permitted user is an authorised firm, particular communications to the authority may be required to be submitted by an approved individual for, or director of, the firm.

- (c) issue instructions (*access instructions*) in relation to the provision of access to the system for individuals who are to use the system on behalf of permitted users, including, for example, instructions in relation to—
 - (i) the nomination of individuals to the Regulatory Authority by permitted users; and
 - (ii) the acceptance of nominated individuals by the authority; and
 - (iii) the withdrawal of nominations by permitted users; and

-
- (d) issue instructions (*usage instructions*) about access to and use of the system, including, for example, instructions that the authority considers necessary or desirable to maintain the integrity and security of the system or confidence in its integrity and security.
- (3) An individual using the electronic submission system must not contravene any of the usage instructions.
 - (4) A permitted user of the electronic submission system must take all reasonable steps to ensure—
 - (a) that it nominates only suitable individuals to the Regulatory Authority to have access to the system; and
 - (b) that only individuals who are nominated by it, and accepted by the authority as users, have access to the system on its behalf; and
 - (c) that individuals who have access to the system on its behalf do not contravene the usage instructions or otherwise use the system improperly; and
 - (d) that it and its directors, officers, employees, agents and contractors do not do, or fail to do, anything that compromises, or could reasonably compromise, the integrity or security of the system or confidence in its integrity or security.
 - (5) An authorised firm that is a permitted user of the electronic submission system must—
 - (a) have adequate and appropriate policies, procedures, systems and controls to ensure that it can comply, and does comply, with subrule (4); and
 - (b) make and keep the records necessary to show how it complied with that subrule.
 - (6) A person (other than an authorised firm) who is a permitted user of the electronic submission system must make and keep the records necessary to show how it complied with subrule (4).

-
- (7) If a communication is made to the Regulatory Authority using access to the electronic submission system provided to a permitted user (including to any individual nominated by the permitted user and accepted by the authority as a user), then, whether or not the communication was made by or on behalf of the permitted user—
- (a) the permitted user is taken to have made the communication to the authority; and
 - (b) for the purposes of FSR and any *Rules*—is taken to have made the communication to the authority in writing and to have signed (and, if necessary, sealed, stamped or otherwise executed) the communication.

Note See FSR, art 108 (1) (D) and art 109 (1) (F).

- (8) However, subrule (7) does not apply to the communication if the permitted user satisfies the Regulatory Authority that—
- (a) the communication was not made by it (or by any person on its behalf or with its approval or permission); and
 - (b) it complied fully with subrules (4) and (5); and
 - (c) the making of the communication was not caused or contributed to by a contravention of any of the usage instructions by an individual nominated by it for this rule (other than an individual whose nomination had been withdrawn in accordance with the access instructions); and
 - (d) it informed the authority that it had not made the communication immediately after becoming aware of it, but within 1 business day.

Examples for r (8) (d) and r (10) (c)

See examples to rule 4.1.3 (1) on meaning of ‘within 1 business day’.

-
- (9) If a communication is made to the Regulatory Authority using access to the electronic submission system provided to an individual nominated by a permitted user for this rule, then, whether or not the communication was made by or on behalf of the individual—
- (a) the individual is taken to have made the communication to the authority; and
 - (b) for the purposes of FSR and any *Rules*—is taken to have made the communication to the authority in writing and to have signed (and, if necessary, otherwise executed) the communication.
- (10) However, subrule (9) does not apply to the communication if the individual satisfies the Regulatory Authority that—
- (a) the communication was not made by the individual (or by any person on the individual's behalf or with the individual's approval or permission); and
 - (b) the making of the communication was not caused or contributed to by a contravention by the individual of any of the usage instructions; and
 - (c) the individual informed the permitted user and the authority that the individual had not made the communication immediately after becoming aware of it, but within 1 business day.
- (11) A communication made to the Regulatory Authority using the electronic submission system is taken to have been made to the authority at the time it is received by the authority, but subject to rule 5.1.4 (Time documents are taken to have been given to Regulatory Authority).
- (12) This rule is additional to, and does not limit, rule 5.1.3 (Giving documents to Regulatory Authority—general requirements), any other provision of these rules or any other *Rules* (including CTRL).

Chapter 5A Giving of written notices by Regulatory Authority

Part 5A.1 Application

5A.1.1 Application of ch 5A

- (1) This chapter sets out how the Regulatory Authority may give a person any written notice that FSR require the authority to give the person.

Note In FSR, “writing” includes any form of representing or producing words in legible form—see FSR, article 109 (1) (F).

- (2) Nothing in this chapter applies in relation to the publication of a statement required or permitted by FSR.

Note The Regulatory Authority is required or permitted to publish statements by FSR, articles 15, 16, 17, 18, 58, 59 and 79.

Part 5A.2 Rules about giving written notices

5A.2.1 How written notices may be given

- (1) Where the Regulatory Authority is required to give a person a written notice, the authority may do so by any means that the authority reasonably believes will bring the notice to the person's attention.
- (2) In particular, and without limiting subrule (1), the authority may give a person a written notice—
 - (a) personally; or
 - (b) electronically; or
 - (c) by post.

5A.2.2 Giving written notices personally

- (1) A written notice is given to a person (the *intended recipient*) personally if—
 - (a) where the intended recipient is an individual—it is given to him or her directly; or
 - (b) where the intended recipient is not an individual—it is given to an individual who is a member, or an employee or representative, of the intended recipient; or
 - (c) it is given to another person (for example, a solicitor) who the intended recipient has nominated to receive the notice; or
 - (d) it is left at the intended recipient's principal place of business or place of residence last notified to the authority.

-
- (2) If a written notice is left at the intended recipient's principal place of business or place of residence, it is given to the intended recipient personally for this rule if—
- (a) it is given to a person at the place who is—
 - (i) apparently 16 years old or older; and
 - (ii) apparently employed at the place or resident at the place, as the case requires; and
 - (iii) apparently capable of ensuring that the intended recipient receives it; or
 - (b) it is otherwise left at the place in such a way that it can reasonably be expected to come to the intended recipient's attention.

5A.2.3 Giving written notices electronically

- (1) A written notice is given to a person (the *intended recipient*) *electronically* if the notice is sent electronically to—
 - (a) the intended recipient's fax number or email address notified to the Regulatory Authority; or
 - (b) if there is no such fax number or email address—any other electronic address at which the authority reasonably believes that the notice will come to the intended recipient's attention.
- (2) For subrule (1), a written notice is *sent electronically* if the notice—
 - (a) is incorporated in or attached to an email message; or
 - (b) is sent by fax; or
 - (c) is placed on a website where the intended recipient—
 - (i) is able to have access to it; and
 - (ii) is likely to become aware of it.

-
- (3) In this rule—
electronic address means—
- (a) a fax number; or
 - (b) an email address; or
 - (c) a person's user identity on an electronic communication facility (for example, a social networking website).

5A.2.4 Giving written notices by post

- (1) A written notice is given to a person *by post* if the notice is properly pre-paid, posted and addressed to:
 - (a) the person's post office box notified to the Regulatory Authority; or
 - (b) if there is no such post office box—to any other post office box, or any other address, at which the authority reasonably believes that the notice will reach the person.

5A.2.5 When written notice is taken to have been given

- (1) If a written notice is given to a person electronically during working hours, the person is taken to have been given the notice on the day on which the notice was sent.
- (2) If a written notice is given to a person electronically outside working hours, the person is taken to have been given the notice at 8 am on the next business day after it was sent.
- (3) If a written notice is given by post to a person who is normally resident in the State, the person is taken to have been given the notice on the 3rd working day after the notice is posted.
- (4) If a written notice is given by post to a person who is not normally resident in the State, the person is taken to have been given the notice on the 5th business day after the notice is posted.

(5) In this rule:

business day—

- (a) in a place that is in the State, has the meaning given by INAP;
and
- (b) in a place that is not in the State, means a day on which banks
are open for business.

6 Record Keeping

6.1 General recordkeeping requirement

6.1.1 Records that must be kept—general requirement

An authorised firm must maintain appropriate records of:

- (A) matters and dealings, including accounting records;
- (B) policies and procedures; and
- (C) other documentation

which are required under *Regulations* or *Rules* applicable in the QFC.

Note 1 Schedule 3 provides an overview of recordkeeping requirements.

Note 2 FSR, art 107 (2) provides that all internal procedures, records or other documentation created or maintained by authorised firms or Approved Individuals as the Regulatory Authority shall determine shall be in English.

6.2 Maintenance of Records

6.2.1A Application of s 6.2

To remove any doubt, this section applies to records that an authorised firm is required to keep (however described) under any *Regulations* or *Rules*.

6.2.1 Reproduction of records on paper

An authorised firm must ensure records, however stored, are capable of reproduction on paper within a reasonable period not exceeding three days.

6.2.2 How records must be kept

In keeping records, an authorised firm must have regard to any requirements for preservation, confidentiality, security and the frequency and ease of access required to records.

6.2.3 General requirement for records to be kept in English

Subject to Rule 6.2.4, an authorised firm must ensure records are maintained in the English language.

6.2.4 Keeping records in other languages

Chapter 8 Controllers

Part 8.1 General provisions

8.1.1 Introduction

This chapter is about controllers and the obligations, procedures, systems, controls and reports related to first becoming a controller and increasing, decreasing, ceasing and changing control. Under rule 2.3.1, the connection of an applicant or authorised firm with its controllers is one of the matters to be considered in determining its fitness and propriety.

8.1.2 Application of pt 8.1

This part applies to an authorised firm that is a QFC entity. It does not apply to a firm that is a branch unless a condition of the firm's authorisation states otherwise.

8.1.3 Meaning of *controller*, *types of control* and *first becomes a controller*

- (1) **Controller**, of an authorised firm, is a person who (whether alone or together with 1 or more associates) has acquired control over the firm through any of the following *types of control* described in FSR, article 37 (1):
 - (a) holding 10% or more of the shares in the firm;
 - (b) being entitled to exercise, or control the exercise of, 10% or more of the voting power in the firm;
 - (c) holding 10% or more of the shares in a parent entity of the firm;
 - (d) being entitled to exercise, or control the exercise of, 10% or more of the voting power in a parent entity of the firm;

-
- (e) being able to exercise significant influence over the management of the firm or a parent entity of the firm because of the person's shareholding or voting power, or by contractual or other arrangements;

Guidance

Other arrangements include trusts, agreements, understandings and practices, whether or not having legal or equitable force and whether or not based on legal or equitable rights. These arrangements could comprise a number of arrangements that would not individually enable the person to exercise a type of control over the authorised firm but would do so if they were taken together.

- (f) being able to exercise, or control the exercise of, 10% or more of the voting power in the firm because of the person's shareholding or voting power in a third party that holds 10% or more of the shares of the firm;
 - (g) being able to exercise significant influence over the management of the firm because of the person's shareholding or voting power in a third party that holds 10% or more of the shares of the firm.
- (2) In determining whether a person is a controller of an authorised firm, any shares, voting power or rights to acquire shares or voting power that the person holds in the firm (whether alone or together with 1 or more associates) must be disregarded if:
- (a) the shares are held for the sole purpose of clearing and settling within a short settlement cycle;
 - (b) the shares are held as custodian or nominee and the voting power attached to the shares is exercised only in accordance with written instructions given to the person; or
 - (c) the person is an authorised firm and it:
 - (i) acquires shares as a result of an underwriting of a share issue or a placement of shares on a firm commitment basis;

-
- (ii) does not exercise the voting power attached to the shares or otherwise intervene in the management of the issuer; and
 - (iii) retains the shares for less than 1 year.
- (3) A person ***first becomes a controller***:
- (a) when the person becomes a controller of the firm for the first time; or
 - (b) if the person is not a controller of the firm but had previously been such a controller—when the person again becomes a controller of the firm.

8.1.4 Meaning of *increases control*

- (1) A controller ***increases control*** over an authorised firm if:
- (a) the controller (whether alone or together with 1 or more associates) acquires a different type of control over the firm;
 - (b) the controller becomes a parent entity of the firm;
 - (c) the percentage of shares held by the controller (whether alone or together with 1 or more associates) in the firm or in a parent entity of the firm increases from, or below, a level mentioned in subrule (2) to above that level; or
 - (d) the percentage of voting power that the controller (whether alone or together with 1 or more associates) is entitled to exercise, or control the exercise of, in the firm or in a parent entity of the firm increases from, or below, a level mentioned in subrule (2) to above that level.
- (2) The levels for increased control are 24%, 49% and 74%.

8.1.5 Meaning of *decreases control*

- (1) A controller ***decreases control*** over an authorised firm if:
- (a) the controller (whether alone or together with 1 or more associates) loses a type of control over the firm;

-
- (b) the controller ceases to be a parent entity of the firm;
 - (c) the percentage of shares held by the controller (whether alone or together with 1 or more associates) in the firm or in a parent entity of the firm decreases from above a level mentioned in subrule (2) to, or below, that level; or
 - (d) the percentage of voting power that the controller (whether alone or together with 1 or more associates) is entitled to exercise, or control the exercise of, in the firm or in a parent entity of the firm decreases from above a level mentioned in subrule (2) to, or below, that level.
- (2) The levels for decreased control are 74%, 49% and 24%.

8.1.6 Meaning of *voting power* and *control*

- (1) ***Voting power*** of a person in an authorised firm or a parent entity of the firm means the total rights of the person to vote, or take part in any decision-making, about any of the following:
- (a) the distribution of capital or profits of the firm to its shareholders;
 - (b) the articles of association, partnership agreement or similar document constituting the firm or governing its activities;
 - (c) any variation of the share capital of the firm;
 - (d) any appointment of a director (however called) of the firm;
 - (e) the overall policy of the firm.
- (2) A person's voting power includes:
- (a) voting power held by a third party with whom the person has concluded an agreement that obliges the person and the third party to adopt, by concerted exercise of the voting power they hold, a lasting common policy towards the management of the firm or parent entity;

-
- (b) voting power held by a third party under an agreement concluded with the person providing for the temporary transfer, for consideration, of the voting power;
 - (c) voting power attaching to shares that are lodged as collateral with the person, if the person controls the voting power and declares an intention to exercise it;
 - (d) voting power attaching to shares in which the person has a life interest;
 - (e) voting power that is held, or may be exercised in any of the ways described in paragraphs (a) to (d), by a subsidiary of the person;
 - (f) voting power attaching to shares deposited with the person that the person has discretion to exercise in the absence of specific instructions from the shareholders;
 - (g) voting power held in the name of a third party on behalf of the person; and
 - (h) voting power that the person may exercise as a proxy where the person has discretion about the exercise of the voting power in the absence of specific instructions from the shareholders.
- (3) **Control** (of the exercise of voting power) includes direct and indirect control, and control that is exercisable as a result, or by means, of arrangements or practices:
- (a) whether or not having legal or equitable force; and
 - (b) whether or not based on legal or equitable rights.
- (4) If the percentage of total rights to vote or participate in decision-making differs as between different types of voting or decision-making, the highest of those percentages applies for the purposes of this rule.

(5) If a firm or parent entity:

(a) is limited both by shares and by guarantee; or

(b) does not have a share capital;

this rule has effect as if the members or policy holders of the firm or parent entity were shareholders.

Note FSR, art 37 (3) (B) states that **voting power**, in relation to an authorised firm or relevant parent entity which does not have general meetings at which matters are decided by the exercise of voting rights, means the right under the constitution of the authorised firm or relevant parent entity to direct the overall policy of the authorised firm or relevant parent entity or alter the terms of its constitution.

Part 8.2 Seeking approval to change control—QFC entities

8.2.1 Application of pt 8.2

8.2.2 Approval to change control—QFC entities (FSR, art 35 and 38)

A person must not first become a controller or increase or decrease control over an authorised firm without the Regulatory Authority's approval.

8.2.3 Controller notice seeking approval to change control—QFC entities

- (1) An authorised firm must give a controller notice in the approved form to the Regulatory Authority before a person becomes a controller of the firm or increases or decreases control over the firm. The controller notice serves as an application for the approval required under rule 8.2.2.
- (2) If the firm does not know of the matter or does not have sufficient information to give the controller notice, the notice must be given by the person proposing to first become a controller or increase or decrease control.
- (3) If the firm has reasonable grounds to suspect that any of the matters mentioned in subrule (1) exists, the firm must make appropriate inquiries to satisfy itself about the matter and decide whether it should give a controller notice.

Note Under FSR, art 36 (3), an authorised firm that does not have sufficient information to enable it to give the controller notice must notify the person proposing to acquire or change control about the person's obligation to give the controller notice to the authority.

-
- (4) A controller notice must be given:
 - (a) at least 30 days before the person first becomes a controller or increases or decreases control; or
 - (b) if it is not practicable to give the notice in accordance with paragraph (a)—immediately after the firm or person required to give the notice becomes aware of the matter.
 - (5) A controller notice may be withdrawn at any time before the authority decides on the application for approval.
 - (6) If, at any time before the authority makes its decision, the firm or person making the proposal becomes aware of a change that is reasonably likely to be material to the Regulatory Authority's decision, the firm or person must notify the authority about the change without delay.

8.2.4 Additional requirement—letter of comfort

- (1) A controller notice in relation to a person that seeks:
 - (a) to increase control from, or below, 49% to above that level; or
 - (b) to increase control from, or below, 74% to above that level;must be accompanied by a letter of comfort from the person.

Note In issuing a letter of comfort the person signifies its willingness and commitment to support the firm in case of unforeseen contingencies that may affect its ability to maintain adequate capital and liquidity levels to meet its obligations and regulatory requirements.
- (2) The Regulatory Authority may require a letter of comfort from a person that seeks to increase control from, or below, 24% to a level up to 48.99%.
- (3) A letter of comfort must be in a form acceptable to the authority and must state that the person:
 - (a) has adequate financial resources to fulfil its commitments under the letter;

-
- (b) will support the firm:
- (i) to conduct its business under the applicable laws, regulations and rules; and
 - (ii) to enable it at all times to meet its obligations in accordance with standards of prudence generally accepted for the firm's business; and
- (c) will notify the authority immediately of any significant change in its relationship with the firm.

Guidance

The Regulatory Authority expects the following to be part of the letter in addition to the matters in rule 8.2.4 (3):

- acknowledgment of its purpose
 - clear statement of the relationship between the firm and the controller or proposed controller, and the type and level of control to which the letter relates
 - the nature and extent of the commitments to support the firm.
- (4) A letter of comfort given by a person ceases to have effect if:
- (a) the person's level of control subsequently decreases to 49% or less; and
 - (b) on application by the person, the Regulatory Authority is satisfied (after considering the person's financial capability, capital adequacy and risk profile and any evidence offered by the person) that the letter should cease to have effect.
- (5) The Regulatory Authority will notify the person in writing of its decision. If the authority is satisfied that the letter of comfort should cease to have effect, the notice must state the date when the letter so ceases.
- (6) A letter of comfort from a person that is not an individual must also state that it is made under a resolution of the governing body of the person. The person must give a copy of the resolution to the Regulatory Authority if the authority requires it.

-
- (7) A firm that is the beneficiary of a letter of comfort must immediately notify the authority of any cancellation or variation of the letter.

8.2.5 Approval process (FSR, art 38)

Note 1 Under FSR, art 38 (2), the Regulatory Authority shall seek to make its determination within 30 days of receipt of all the required information and shall notify the authorised firm (or if the controller notice has been submitted by another person, both the firm and that other person) of its determination promptly.

Note 2 Under FSR, art 38 (4), the Regulatory Authority may grant unconditional approval only if it is satisfied that:

- the person acquiring or increasing the control is a fit and proper person to have the control in question;
- the conditions in article 29 (5) (A) and (B) (Close Links) have been met; and
- granting such approval would be consistent with the regulatory objectives.

- (2) Nothing in this rule prevents the authority from taking any other action against a person who has failed to comply with these rules or any other *Rules* or law applying in the QFC.

Note Under FSR, art 38 (6), the Regulatory Authority's power to approve or refuse to approve a proposal remains even if no controller notice seeking approval is given to the authority.

8.2.6 Objection process

- (1) If the Regulatory Authority objects to a proposal for a person to first become a controller or to increase or decrease control, the authority must, as soon as practicable after it receives the controller notice, letter of comfort and any additional information it requires, give the authorised firm and the person written notice:
 - (a) stating the reasons for its objection; and
 - (b) giving the firm and person an opportunity to make representations within 14 days after receipt of the notice or a longer period fixed by the authority.

- (2) The authority must, as soon as practicable after the expiry of the period for making representations, consider any representations and:
 - (a) withdraw its objection and approve (with or without conditions) the proposal; or
 - (b) refuse to approve the proposal.

Note Under r 5.2.2 (2), the Regulatory Authority may require a person to give additional information in relation to any document given to the authority.

- (1) A proposal for a person to first become a controller or to increase or decrease control that has been approved (with or without condition) must be acted on by the person:
 - (a) by the date specified by the Regulatory Authority in its approval; or
 - (b) if there is no date specified—within 6 months after the date of the approval.

The grounds for making inquiries based on the suspicion must be that a reasonable person would, in the circumstances, be expected to make those inquiries.

- (4) If there is a legal or regulatory restriction on a firm's complying with subrule (1), (2) or (3), the firm must immediately notify the Regulatory Authority of the specific nature of the restriction.  - (b) the firm's controls ensured that client money controlled or held by it was identifiable and secure at all times during the year; and
 - (c) any of the requirements of INMA or IMEB relating to client money were not complied with by the firm during the year; and
 - (d) the firm controlled or held an appropriate amount of client money in accordance with INMA or IMEB (or both) at the date the firm's audited balance sheet was prepared; and
 - (e) there have been material discrepancies in the reconciliation of client money during the year.
 - (3) **Client money** has the meaning given by whichever of INMA or IMEB applies under this rule.

9.5.3 Additional audit reports—custody

- (1) This rule applies to an authorised firm for a financial year of the firm if the firm *provided custody services* at any time during the year.
- (2) The authorised firm must ensure that its auditor also produces a report for the financial year that states whether, in the auditor's opinion—
 - (a) the firm maintained systems and controls throughout the year to enable it to comply with the provisions of INMA relating to the *provision of custody services*; and

-
- (b) the investments in relation to which the firm *provided custody services* during the year were registered, recorded and held in accordance with those provisions; and
 - (c) any of the other requirements of those provisions were not complied with during the year; and
 - (d) there have been material discrepancies in the reconciliation of those investments during the year.

- where a QFC entity's previous financial year means the year immediately preceding its current financial year.
- (2) A change to the financial year end of an authorised firm that is a QFC entity will not be approved by the Regulatory Authority in respect of a previous financial year if the period allowed for laying and delivering accounts in relation to that year has already expired.

Non-QFC entity

- 9.6.2** An authorised firm which is not a QFC entity must provide the Regulatory Authority with reasonable advance notice prior to changing its financial year end.

9.7 Auditors

9.7.1 Section 9.7 additional to other provisions

To remove any doubt, if an authorised firm is a limited liability company, limited liability partnership, or limited partnership, incorporated under any *Regulations*, this part is additional to the provisions of any *Regulations* (including any rules made or in force under any *Regulations*) applying in relation to the firm as such a company or partnership.

9.7.2 Appointment of auditor

- (1) An authorised firm may, from time to time, appoint an auditor for the firm, and must ensure that there is, at all times, an auditor appointed for the firm.
- (2) Before appointing an auditor (whether or not in replacement of another auditor and whether or not the appointment is at the direction of the Regulatory Authority), the firm must apply to the authority for approval to appoint the proposed auditor.
- (3) The application must include a statement that the authorised firm is satisfied that the proposed auditor is eligible to be appointed as the firm's auditor under rule 9.7.3 (1) (Eligibility for appointment as auditor).
- (4) The Regulatory Authority must—
 - (a) approve the appointment of the proposed auditor; or
 - (b) refuse to approve the appointment of the proposed auditor.
- (5) The Regulatory Authority must give the authorised firm written notice of its decision on the application.

 - (7) The authorised firm must not appoint the proposed auditor unless the Regulatory Authority has approved the appointment.
 - (8) If the authorised firm appoints the proposed auditor, the firm must tell the Regulatory Authority about the appointment, and when it takes effect, immediately, but by no later than the second business day after the day the appointment is made.

9.7.3 Eligibility for appointment as auditor

- (1) An authorised firm must not appoint a person as auditor for the firm unless the person—
 - (a) has consented in writing to the appointment being made; and
 - (b) has the skills, resources and experience necessary to audit the firm's business; and
 - (c) has satisfied the firm that it and its relevant audit staff are—
 - (i) independent of the firm; and
 - (ii) not subject to any conflict of interest in relation to the firm.
- (2) The authorised firm must make and keep sufficient records to demonstrate that it complied with subrule (1) before the appointment was made.
- (3) The records must be kept for at least 6 years after the day the person ceases to be auditor for the authorised firm.

9.7.4 Direction to replace auditor

- (1) This rule applies if the Regulatory Authority considers that a person appointed as auditor for an authorised firm is not suitable to be, or to continue to be, auditor for the firm.

-
- (2) The Regulatory Authority may, by written notice, direct the authorised firm to end the person's appointment as auditor and to appoint another auditor for the firm.
 - (3) The authorised firm must comply with the direction within the period stated in the direction or, if no period is stated, within a reasonable period.
 - (4) The Regulatory Authority must give the person a copy of the notice.

 - (b) state that the authorised firm or person (or both) may appeal to the *Regulatory Tribunal* against the decision to give the direction.

9.7.5 Direction to appoint auditor

- (1) This rule applies if there is not, at any time, an auditor appointed for an authorised firm.

Note See r 9.7.6 for the duty of an authorised firm to notify the authority if the appointment of an auditor ends for any reason.

- (2) The Regulatory Authority may, by written notice, direct the authorised firm to appoint an auditor for the firm.

Note The auditor must be appointed in accordance with r 9.7.2 (Appointment of auditor).

- (3) The authorised firm must comply with the direction within the period stated in the direction or, if no period is stated, within a reasonable period.

9.7.6 Notification if appointment of auditor ends

If the appointment of an auditor of an authorised firm ends for any reason, the firm must tell the Regulatory Authority immediately, but by no later than the second business day after the day the appointment ends—

- (a) that the appointment has ended; and

(b) the reason for the appointment ending.

Note For the obligation of the person to notify the Regulatory Authority if the person's appointment ends, see FSR, art 91 (Resignation of auditors and actuaries).

10 Fees

10.1 Application

10.1.1 This chapter applies to an authorised firm, or an *applicant* for authorised firm status.

10.2 General Provisions

10.2.1 Where a fee is payable for any application to the Regulatory Authority, the application may not be regarded as submitted until the fee has been paid in full.

10.2.2 Where an annual fee or supplementary fee in relation to ongoing supervision is due from an authorised firm under a provision of these *Rules*, it must be paid by the date upon which it falls due. Should an authorised firm fail to pay by the due date then, without limiting the right of the Regulatory Authority to take any other action, the sum due will be increased by 1% for each *month*, or part of a *month*, that it remains outstanding beyond the due date.

Guidance

If a fee is not paid by the date on which it becomes due, the authorised firm is in breach of a *Rule* and the Regulatory Authority is entitled to take action including, but not limited to, taking steps to withdraw authorisation to conduct one or more regulated activities.

10.2.3 The Regulatory Authority may reduce, waive or refund all or part of any fee if, having considered the circumstances of a particular case, it deems it would be equitable to do so.

10.3 Supplementary Fees

- 10.3.1** (1) The Regulatory Authority may require an authorised firm or *applicant* to pay a supplementary fee to the Regulatory Authority in circumstances where it expects to incur substantial additional costs in dealing with an application or conducting ongoing supervision.
- (2) In such cases the Regulatory Authority will notify the *applicant* as soon as reasonably practicable of the amount of the supplementary fee.

Guidance

1. A supplementary fee may be levied by the Regulatory Authority because it expects that certain applications will require more intensive scrutiny than others. For example, where the entity is a branch from a jurisdiction where there are not or are not expected to be in place arrangements for co-operation between the Regulatory Authority and the relevant regulators in that jurisdiction. Equally, where the entity is incorporated in the QFC, a full analysis of the prudential and systems arrangements will be required.
2. A supplementary fee may also be levied by the Regulatory Authority in cases where the ongoing supervision of the authorised firm appears to the Regulatory Authority to be likely to cause it to incur substantial additional costs.

10.4 Application Fees

10.4.1 An *applicant* seeking to conduct regulated activities in or from the QFC and an authorised firm applying for authorisation to conduct additional regulated activities must pay to the Regulatory Authority:

- (A) the application fees specified in Appendix 4; and
- (B) any supplementary fee required by the Regulatory Authority.

10.4.2 Any application fees paid, whether in respect of an *applicant*, authorised firm or approved individual, are non-refundable, regardless of whether the application is successful or not.

10.5 Annual Fees

10.5.1 An authorised firm must pay to the Regulatory Authority:

- (A) the annual fee specified in Appendix 4; and
- (B) any supplementary fee required by the Regulatory Authority.

10.5.2 (1) The initial annual fee must be paid in full to the Regulatory Authority within 21 days of the date of authorisation.

- (2) Subsequent annual fees must be paid in full to the Regulatory Authority on or before 1 January of every calendar year.

Guidance

With regard to the payment of an annual fee on or before 1 January, invoices will be issued at least 21 days before that date.

10.6 Fees for Extracts of Information from the Registers of Public Information

10.6.1 Persons seeking extracts of information in accordance with Rule 3.5.1 maintained in the public registers by the Regulatory Authority in relation to an authorised firm or approved individual must, upon application pay the fee prescribed in Appendix 4.

10.7 Fees for certain reporting etc contraventions

- (h) *PRIV*, rule 5.5.3 (Reports and accounts generally) and rule 7.2.6 (Accounting and reports during winding-up).
- (3) Without limiting subrule (1) and to remove any doubt, this section applies—
- (a) in relation to a contravention referred to in subrule (1) whether the relevant rule uses the word ‘provide’, ‘submit’, ‘give’, ‘notify’, ‘advise’, ‘inform’ or ‘tell’, or some other word; and
- (b) to a failure to provide a notification, report, or return (however described) to the authority as, or within the time within which, it was required to be provided, if—
- (i) the notification, report or return was not received (or considered to have been received) at all by the authority within that time; or
- (ii) the notification, report or return was received by the authority within that time, but—
- (A) it was incomplete or inaccurate in a material respect; or
- (B) if under any *Regulations* or *Rules* it was required to be in a particular form, it was not in substantially that form; or
- (C) if under any *Regulations* or *Rules* it was required to be prepared, completed or signed in a particular way, it was not prepared, completed or signed in that way; or
- (D) if under any *Regulations* or *Rules* it was required to be provided (however described) to the authority in a particular way, it was not provided in that way.

-
- (4) In this section, a reference to a *notification*, *report*, or *return* (however described) includes a reference to any part of the notification, report or return.

10.7.2 Late fees

- (1) A fee, of the relevant amount, is payable by a person for a contravention by the person to which this section applies if the contravention continues for 5 business days or longer.
- (2) For this section, the *relevant amount* is the total of—
- (b) US \$500; and
 - (c) US \$100 for each business day (or part of a business day) after the 6th business day during which the contravention continues.

Note The Regulatory Authority may reduce, waive or refund such a fee—see rule 10.2.3.

10.7.3 Other action not prevented

Nothing in this section prevents the Regulatory Authority taking action under FSR, article 31 or part 8 or 9, in relation to a contravention to which this section applies.

11 Restrictions in Relation to Specified Products

Note for ch 11

Provisions of FSR, schedule 3, part 2 permit the making of rules in relation to certain specified products (see par 7.2 (Options), par 8.3 (Futures) and par 10.2 (Qualifying contracts of insurance)). This chapter sets out rules, and related guidance, for those specified products.

11.1.1 Options and futures that are and are not specified products

The circumstances in which either an *Option* or a *Futures* contract is regarded as being made for commercial purposes and therefore excluded from the respective definition of a *Specified Product*; and conversely, the circumstances in which it is considered to be made for investment purposes and therefore included within the respective definition, are set out below:

- (a) a contract is regarded as made for investment purposes if—
 - (i) it is made, or traded, on a regulated exchange; or
 - (ii) it is made otherwise than on a regulated exchange, but is expressed to be traded on—
 - (A) a regulated exchange; or
 - (B) the same terms on which an equivalent contract would be traded on a regulated exchange;
- (b) a contract not falling within paragraph (a) is regarded as made for commercial purposes if under the terms of the contract delivery is to be made within seven days, unless it can be shown that there existed an understanding that (notwithstanding the express terms of the contract) delivery would not be made within seven days;

-
- (c) the following are indications that a contract not falling within paragraph (a) or (b) is made for commercial purposes (the absence of them is an indication that it is made for investment purposes):
- (i) one or more of the parties produces, or uses in his business the commodity or other property;
 - (ii) the seller delivers or intends to deliver the property or the purchaser takes or intends to take delivery of it; or
 - (iii) the price, the lot size, the delivery date and other terms are determined by the parties for the purposes of the particular contract and not by reference (or not solely by reference) to regularly published prices, to standard lots or delivery dates or to standard terms;
- (d) the following are indications that a contract is made for investment purposes:
- (i) it is expressed to be as traded on an a regulated exchange;
 - (ii) performance of the contract is ensured by a regulated exchange or a clearing house; or
 - (iii) there are arrangements for the payment or provision of margin; and
- (e) for the purposes of paragraph (a), a price is to be taken to be agreed on when a contract is made:
- (i) notwithstanding that it is left to be determined by reference to the price at which a contract could be entered into on a market or exchange or could be entered into at a time and place specified in the contract; or
 - (ii) in a case where the contract is expressed to be by reference to a standard lot and quality, notwithstanding that provision is made for a variation in the price to take account of any variation in quantity or quality on delivery.

11.1.2 **Contracts of insurance that are qualifying contracts of insurance**

A *contract of insurance* is a qualifying contract of insurance if it falls into 1 or more of the categories of general insurance contract or long term insurance contract mentioned in FSR, schedule 3, part 3, paragraphs 10.3 and 10.4.

Guidance

Contracts of Insurance are further sub-defined in INAP into those constituting *Non-Investment Insurance Contracts*, *Pure Protection Contracts* and *Long Term Care Insurance Contracts* and the restrictions surrounding activities conducted in relation to them are detailed in *PINS*.

App1

Guidance on Fitness and Propriety of Authorised Firms

A1.1 Introduction

Guidance

1. This appendix provides guidance on the criteria the Regulatory Authority may take into account when assessing for the purposes of FSR, article 29 and chapter 2 the fitness and propriety of:
 - a. an *applicant* to be an authorised firm; and
 - b. an authorised firm.
2. In considering any specific matters, the Regulatory Authority may request reviews by any appropriately skilled third party on any aspect of the authorised firm's proposed or actual activities or the environment in which it predominantly operates.
3. The Regulatory Authority may request or require any information which it considers relevant to its consideration of an application.

A1.2 Fitness and Propriety Criteria

1. In addition to FSR, article 29 and chapter 2, the Regulatory Authority may consider the following matters in assessing the fitness and propriety of an *applicant* or an authorised firm.

Controllers, close links and other connections

2. Pursuant to Rule 2.3.1(A) and (B) the Regulatory Authority must be satisfied that an *applicant's* or authorised firm's controllers, *close links* and other connections, are not likely to prevent effective supervision of the authorised firm by the Regulatory Authority.
3. The Regulatory Authority will also have regard to:
 - a. the authorised firm's position within its group, including any other relationships that may exist between the authorised firm's affiliates, controllers or other *close links*;
 - b. any information provided by other regulators in relation to the authorised firm or any entity within its group;
 - c. the background, history and principal activities of the authorised firm's controllers, including that of the controller's Directors, *Partners* or other officers associated with the group, and the degree of influence that they are, or may be, able to exert over the authorised firm or its activities; and
 - d. whether the authorised firm or its group is subject to any adverse effect or considerations arising from its country of incorporation or the country (or countries) of incorporation of its controllers. In considering such matters, the Regulatory Authority will also have regard to the type and level of regulatory oversight in the country or countries of incorporation referred to above, the regulatory

infrastructure and adherence to any internationally held conventions and standards.

4. The Regulatory Authority may request that an *applicant* or authorised firm submit a report on its controllers, *close links* or other connections at anytime.

Location of Offices

5. Under Rule 2.3.1(E), an *applicant* or an authorised firm will need to satisfy the Regulatory Authority that the location of its and its parent entity's head office and registered office will not prevent the effective supervision of the authorised firm.
6. The Regulatory Authority will consider the head office of an authorised firm to be where the firm's mind and management is and will have regard to the location of its directors, partners and senior management with respect to its strategic, operational and administrative arrangements.

Background and History

7. The Regulatory Authority will have regard to:
 - a. any matter affecting the propriety of the authorised firm's conduct, whether or not such conduct may have resulted in the commission of a criminal offence or the contravention of the law or the institution of legal or disciplinary proceedings of whatever nature;
 - b. whether an authorised firm has ever been the subject of disciplinary procedures by a government body or agency or any self regulating organisation or other professional body;
 - c. any contravention of any provision of financial services legislation or of rules, regulations, statements of principle or codes of practice made under it or made by a recognised self regulatory organisation, exchange or clearing house;
 - d. whether an authorised firm has been refused, or had a restriction placed on, the right to carry on a trade, business or profession requiring a licence, registration or other permission;
 - e. any adverse finding or an agreed settlement in a civil action by any court or tribunal of competent jurisdiction resulting in an award against or payment by an authorised firm in excess of \$10,000 or awards that total more than \$10,000;
 - f. whether an authorised firm has been censured, disciplined, publicly criticised or the subject of a court order at the instigation of any regulatory authority, or any officially appointed inquiry, or any other *Overseas Regulator*; or
 - g. whether an authorised firm has been open and truthful in all its dealings with the Regulatory Authority.

Resources, Systems and Controls

8. The Regulatory Authority will have regard to whether the authorised firm has sufficient resources of all types, including:
 - a. the authorised firm's financial resources and whether it complies, or will comply, with any applicable financial *Rules*, and whether the

authorised firm appears in a position to be able to continue to comply with such rules;

- b. the extent to which the authorised firm is or may be able to secure additional capital in a form acceptable to the Regulatory Authority where this appears likely to be necessary at any stage in the future;
- c. the availability of sufficient competent human resources to conduct and manage the authorised firm's affairs, in addition to having a sufficient type and number of Approved Individuals to conduct and manage the authorised firm's regulated activities;
- d. whether the authorised firm has sufficient and appropriate systems and controls in order to support, monitor and manage its affairs, resources and regulatory obligations in a sound and prudent manner;
- e. whether the authorised firm has an appropriate AML/CFT programme; and
- f. the impact of other members of the authorised firm's group on the adequacy of the authorised firm's resources and in particular, though not exclusively, the extent to which the authorised firm is or may be subject to consolidated prudential supervision by the Regulatory Authority or another *Overseas Regulator*.

Collective suitability of individuals or other persons connected to an authorised firm

- 9 Although an individual exercising a controlled function must be an approved individual, and an authorised firm must appoint individuals to certain controlled functions, in assessing the fitness and propriety of an authorised firm the Regulatory Authority will also consider:
 - (a) the collective suitability of all of the firm's staff taken together, and whether there is a sufficient range of individuals with appropriate skills and experience to understand, operate and manage the firm's affairs in a sound and prudent manner; and
 - (b) the individual suitability of each person connected with the firm, and the collective suitability of all such persons; and
 - (c) whether the firm has robust human resources policies designed to ensure high standards of conduct and integrity in the conduct of its activities; and
 - (d) whether the firm has appointed auditors, actuaries and advisers with sufficient experience and understanding of the firm's activities.
